

Notices

Federal Register

Vol. 69, No. 190

Friday, October 1, 2004

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket Number FV-04-311]

United States Standards for Grades of Kale

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS), prior to undertaking research and other work associated with revising official grade standards, is soliciting comments on the possible revisions to the United States Standards for Grades of Kale. At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. As a result, AMS has identified that the current standard may need to be modified to allow that percentages are determined by count and not weight. Additionally, AMS is seeking comments regarding any other revisions that may be necessary to better serve the industry.

DATES: Comments must be received by November 30, 2004.

ADDRESSES: Interested persons are invited to submit written comments to the Standardization Section, Fresh Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave. SW., Room 1661 South Building, Stop 0240, Washington, DC 20250-0240; Fax (202) 720-8871, e-mail

FPB.DocketClerk@usda.gov. Comments should make reference to the dates and page number of this issue of the **Federal Register** and will be made available for public inspection in the above office during regular business hours. The United States Standards for Grades of Kale are available either through the

address cited above or by accessing the Fresh Products Branch Web site at <http://www.ams.usda.gov/standards/stanfrfv.htm>.

FOR FURTHER INFORMATION CONTACT:

David L. Priester, at the above address or call (202) 720-2185; e-mail *David.Priester@usda.gov*.

SUPPLEMENTARY INFORMATION:

Background

At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. AMS has identified the United States Standards for Grades of Kale for a possible revision. These standards were last revised in 1934. As a result, AMS has identified that industry marketing practices indicate the need to modify the current standards to allow the percentages to be determined by count and not weight. However, prior to undertaking detailed work to develop proposed revisions to the standards, AMS is soliciting comments on the possible revision to the standards and the probable impact on distributors, processors, and growers. Additionally, AMS is seeking comments regarding any other revisions that may be necessary to better serve the industry.

This notice provides for a 60-day comment period for interested parties to comment on changes to the standards. Should AMS conclude that there is a need for the revisions of the standards, the proposed revisions will be published in the **Federal Register** with a request for comments in accordance with 7 CFR Part 36.

Authority: 7 U.S.C. 1621-1627.

Dated: September 28, 2004.

A. J. Yates,

Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Environmental Impact Statement on Watershed Planning and Implementation of Resource Protection Measures for the Marmaton Watershed Located in Allen, Bourbon, and Crawford Counties, KS

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of intent (NOI).

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*), the U.S. Department of Agriculture (USDA), Natural Resources Conservation Service (NRCS), Kansas State Office, announces its intention to prepare an environmental impact statement (EIS) to evaluate the impacts of resource protection measures that would be employed under potential alternatives within a watershed plan in the Marmaton Watershed (located in Allen County, Bourbon County and Crawford County, all in Kansas). A plan would be developed to reduce risks to life and property caused by frequent flooding of communities and agricultural lands, improve water quality, and address watershed protection needs. The EIS will analyze the potential environmental and socioeconomic impacts of alternatives in a watershed plan, as identified in the watershed planning/NEPA process, including any structural and non-structural measures that would address resource concerns in the Marmaton Watershed.

The purpose of this notice is to request participation and invite comments from all those individuals and organizations interested in the development of the EIS.

Under a watershed plan, the NRCS would provide financial and technical assistance to sponsoring local organizations, including the Allen County Conservation District, the Bourbon County Conservation District, the Crawford County Conservation District, and the Marmaton Watershed District, for installation of structural and/or non-structural measures to prevent flooding, improve water quality, and protect the watershed throughout the described area. The EIS analysis will incorporate mitigation measures the NRCS would use to minimize, to the greatest extent practicable, any potential adverse environmental or
