2. If approved, the action will result in authorizing small entities to furnish the products to the Government.

## COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

### Procurement List; Additions

**AGENCY:** Committee for Purchase from  
People Who Are Blind or Severely  
Disabled.

**ACTION:** Additions to procurement list.

**SUMMARY:** This action adds to the  
Procurement List products and a service  
to be furnished by nonprofit agencies  
employing persons who are blind or  
have other severe disabilities.

**EFFECTIVE DATE:** October 31, 2004.

**ADDRESSES:** Committee for Purchase  
From People Who Are Blind or Severely  
Disabled, Jefferson Plaza 2, Suite 10800,  
1421 Jefferson Davis Highway,  
Arlington, Virginia, 22202-3259.

**FOR FURTHER INFORMATION CONTACT:**  
Sheryl D. Kennerly, (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** On June  
14, and August 6, 2004, the Committee  
for Purchase From People Who Are  
Blind or Severely Disabled published  
notice (69 FR 32975, and 47863) of  
proposed additions to the Procurement  
List.

After consideration of the material  
presented to it concerning capability of  
qualified nonprofit agencies to provide  
the products and services and impact of  
the additions on the current or most  
recent contractors, the Committee has  
determined that the products and  
service listed below are suitable for  
procurement by the Federal Government  
under 41 U.S.C. 46-48c and 41 CFR 51-  
2.4.

The following comments pertain to  
Tabs, Index.

Comments were received from the  
current contractor, from one of its  
subcontractors which is the actual  
manufacturer of the index tabs, from a  
trade association representing these  
companies, and from a Member of  
Congress. All of these comments  
addressed the impact of this  
Procurement List addition on the  
subcontractor.

Sales of these index tabs to the  
current contractor account for nearly the

entire production of the index tabs by  
the subcontractor. If these sales are lost,  
the subcontractor claims it would be  
forced to cease production of the index  
tabs and terminate the employees  
producing them. The subcontractor  
would also lose a portion of its total  
sales. The commenters noted that other  
producers of index tabs are large  
businesses that have already impacted  
the subcontractor's sales and its ability  
to succeed in the office products market  
as a domestic producer.

The contractor to which the index  
tabs manufacturer sells the tabs is not  
limited to re-selling them to the Federal  
Government. Accordingly, the  
Committee is not convinced that this  
addition to the Procurement List will  
destroy the manufacturer's market and  
force a cessation of production of the  
index tabs. However, even if a cessation  
were to occur, the percentage of sales  
the manufacturer would lose does not  
rise to the level which the Committee  
normally considers to be a severe  
adverse impact on a contractor. In  
addition, addition of the index tabs to  
the Procurement List will create jobs for  
workers with severe disabilities, a group  
which has an unemployment rate far  
above that of the workers who may be  
displaced. Therefore, the Committee  
believes the addition of these index tabs  
to the Procurement List is justified, as  
it will not have a severe adverse impact  
on either the current contractor or the  
subcontractor, and it will create jobs for  
people with severe disabilities who  
would be less likely to find other  
employment than the subcontractor's  
workers.

The following material pertains to all  
of the items being added to the  
Procurement List.

### Regulatory Flexibility Act Certification

I certify that the following action will  
not have a significant impact on a  
substantial number of small entities.  
The major factors considered for this  
certification were:

1. The action will not result in any  
additional reporting, recordkeeping or  
other compliance requirements for small  
entities other than the small  
organizations that will furnish the  
products and service to the Government.

2. The action will result in  
authorizing small entities to furnish the  
products and service to the Government.

3. There are no known regulatory  
alternatives which would accomplish  
the objectives of the Javits-Wagner-  
O'Day Act (41 U.S.C. 46-48c) in  
connection with the products and  
service proposed for addition to the  
Procurement List.
