COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase from
People Who Are Blind or Severely
Disabled.

ACTION: Additions to procurement list.

SUMMARY: This action adds to the
Procurement List products and a service
to be furnished by nonprofit agencies
employing persons who are blind or
have other severe disabilities.

EFFECTIVE DATE: October 31, 2004.

ADDRESSES: Committee for Purchase
From People Who Are Blind or Severely
Disabled, Jefferson Plaza 2, Suite 10800,
1421 Jefferson Davis Highway,
Arlington, Virginia, 22202-3259.

FOR FURTHER INFORMATION CONTACT:
Sheryl D. Kennerly, (703) 603-7740.

SUPPLEMENTARY INFORMATION: On June
14, and August 6, 2004, the Committee
for Purchase From People Who Are
Blind or Severely Disabled published
notice (69 FR 32975, and 47863) of
proposed additions to the Procurement
List.

After consideration of the material
presented to it concerning capability of
qualified nonprofit agencies to provide
the products and services and impact of
the additions on the current or most
recent contractors, the Committee has
determined that the products and
service listed below are suitable for
procurement by the Federal Government
under 41 U.S.C. 46-48c and 41 CFR 51-
2.4.

The following comments pertain to
Tabs, Index.

Comments were received from the
current contractor, from one of its
subcontractors which is the actual
manufacturer of the index tabs, from a
trade association representing these
companies, and from a Member of
Congress. All of these comments
addressed the impact of this
Procurement List addition on the
subcontractor.

Sales of these index tabs to the
current contractor account for nearly the

entire production of the index tabs by
the subcontractor. If these sales are lost,
the subcontractor claims it would be
forced to cease production of the index
tabs and terminate the employees
producing them. The subcontractor
would also lose a portion of its total
sales. The commenters noted that other
producers of index tabs are large
businesses that have already impacted
the subcontractor's sales and its ability
to succeed in the office products market
as a domestic producer.

The contractor to which the index
tabs manufacturer sells the tabs is not
limited to re-selling them to the Federal
Government. Accordingly, the
Committee is not convinced that this
addition to the Procurement List will
destroy the manufacturer's market and
force a cessation of production of the
index tabs. However, even if a cessation
were to occur, the percentage of sales
the manufacturer would lose does not
rise to the level which the Committee
normally considers to be a severe
adverse impact on a contractor. In
addition, addition of the index tabs to
the Procurement List will create jobs for
workers with severe disabilities, a group
which has an unemployment rate far
above that of the workers who may be
displaced. Therefore, the Committee
believes the addition of these index tabs
to the Procurement List is justified, as
it will not have a severe adverse impact
on either the current contractor or the
subcontractor, and it will create jobs for
people with severe disabilities who
would be less likely to find other
employment than the subcontractor's
workers.

The following material pertains to all
of the items being added to the
Procurement List.

Regulatory Flexibility Act Certification

I certify that the following action will
not have a significant impact on a
substantial number of small entities.
The major factors considered for this
certification were:

1. The action will not result in any
additional reporting, recordkeeping or
other compliance requirements for small
entities other than the small
organizations that will furnish the
products and service to the Government.

2. The action will result in
authorizing small entities to furnish the
products and service to the Government.

3. There are no known regulatory
alternatives which would accomplish
the objectives of the Javits-Wagner-
O'Day Act (41 U.S.C. 46-48c) in
connection with the products and
service proposed for addition to the
Procurement List.

End of Certification

Accordingly, the following products
and service are added to the
Procurement List:
