SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled "Current Good Manufacturing Practices for Combination Products." Combination products are defined under 21 CFR 3.2(e). This draft guidance document makes recommendations for achieving compliance with applicable CGMPs for the drug, device, or biological product constituent parts of a combination product. In addition, the draft guidance document makes recommendations for achieving compliance with applicable CGMPs for combination products where the constituent parts of a combination product are joined together. The applicable regulations include the CGMP regulations for finished pharmaceuticals, or drug products, and most biological products (21 CFR parts 210 and 211); the biological product regulations for biological products (21 CFR parts 600-680); and the quality system regulations for devices (21 CFR part 820).

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the agency's current thinking on CGMP for combination products. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments on the draft guidance. Two paper copies of mailed comments are to be submitted, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft

guidance and received comments are available for public examination in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

III. Electronic Access

Persons with access to the Internet may obtain the draft guidance document at either <http://www.fda.gov/oc/combo/default.htm> or <http://www.fda.gov/ohrms/dockets/default.htm>.

SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled "Computerized Systems Used in Clinical Trials." This document

provides guidance about computerized systems that are used to create, modify, maintain, archive, retrieve, or transmit clinical data required to be maintained and/or submitted to FDA. These data form the basis for the agency's decisions regarding the safety and effectiveness of new human and animal drugs, biological products, medical devices, and certain food and color additives. As such, these data have broad public health significance and are expected to be of the highest quality and integrity.

This draft guidance, when finalized, will supercede the guidance of the same name issued in April 1999. This draft guidance is being revised to make it consistent with agency policy as reflected in the guidance for industry on "Part 11, Electronic Records; Electronic Signatures—Scope and Application," which issued in August 2003. It also reflects policy consistent with regard to the agency's international harmonization efforts.

This level 1 draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). This draft guidance, when finalized, will represent the agency's current thinking on computerized systems used in clinical trials. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if the approach satisfies the requirements of the applicable statute and regulations.

II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments on the draft guidance. Two paper copies of any comments are to be submitted, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments are available for public examination in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

III. Electronic Access

Copies of this draft guidance for industry are available on the Internet at <http://www.fda.gov/cder/guidance/index.htm>, <http://www.fda.gov/cber/guidelines.htm>, <http://www.fda.gov/cvm/guidance/guidance.html>, and <http://www.fda.gov/oc/gcp/draft.html>.
