ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[W117-01-7347b; FRL-7637-1]

Approval and Promulgation of Implementation Plans; Wisconsin

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a revision to the Wisconsin regulations as they pertain to Northern Engraving Corporation (NEC) facilities in Galesville and West Salem, Wisconsin as requested by the State of Wisconsin on June 27, 2003. This State Implementation Plan (SIP) revision makes changes to Wisconsin air pollution control rules federally enforceable. The rule revisions modify the emission limits adopted by the state that are part of the current Wisconsin SIP. The revised rules, specifically portions of the Environmental Cooperative Agreement with NEC, supersede portions of the rules in the Wisconsin SIP.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's request as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. The rationale for approval is set forth in the direct final rule. If EPA receives no written adverse comments, EPA will take no further action on this proposed rule. If EPA receives written adverse comment, we will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect. In that event, EPA will address all relevant public comments in a subsequent final rule based on this proposed rule. In either event, EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: Comments on this action must be received by November 4, 2004.
