SUMMARY: The Rural Utilities Service (RUS), an agency delivering the United States Department of Agriculture's Rural Development Utilities Programs, is issuing regulations in order to establish the Household Water System Program as authorized by section 306E of the Consolidated Farm and Rural Development Act (CONACT). This rule will establish a lending program for the construction, refurbishing, and servicing of individually-owned household water well systems in rural areas that are or will be owned by the eligible individuals. In addition, the rule outlines the process by which applicants can apply for the program and how RUS will administer the grant program.

If no adverse comments are received in response to the direct final rule, no further action will be taken on this proposed rule and the action will become effective at the time specified in the direct final rule. If RUS receives adverse comments, a timely document will be published withdrawing the direct final rule and all public comments received will be addressed in a subsequent final rule based on this action.

Grant Program To Establish a Fund for Financing Water and Wastewater Projects (Revolving Fund Program (RFP))

AGENCY: Rural Utilities Service, USDA.

ACTION: Proposed rule.

SUMMARY: On May 13, 2002, the Farm Security and Rural Investment Act of 2002 (Farm Bill) was signed into law as Public Law 107-171. Section 6002 of the Farm Bill amended the Consolidated Farm and Rural Development Act (CONACT), by adding a grant program to establish a revolving loan fund. The Secretary may make grants to qualified, private, non-profit entities. The grant recipients will use the grant funds to establish a revolving loan fund. The loans will be made to eligible entities to finance pre-development costs associated with proposed water and wastewater projects or with existing water and wastewater systems, and short-term costs incurred for replacement equipment, small-scale extension of services, or other small capital projects that are not part of the regular operations and maintenance activities of existing water and wastewater systems. The Rural Utilities Service (RUS) is proposing to publish rules and regulations to establish the Grant Program to Establish a Fund for Financing Water and Wastewater Projects (Revolving Fund Program (RFP)) as authorized by the Consolidated Farm and Rural Development Act (CONACT), as amended by Section 6002 of the Farm Security and Rural Investment Act of 2002 (Farm Bill).

If RUS receives adverse comments, a document will be

published withdrawing the direct final rule and all public comments received will be addressed in a subsequent final rule. Any parties interested in commenting on this proposed action should do so at this time.

Airworthiness Directives; McDonnell Douglas Model MD–11 and MD–11F Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for certain McDonnell Douglas Model MD–11 and MD–11F airplanes. This proposed AD would require inspecting the power feeder cables of the auxiliary power unit (APU) for chafing damage, and accomplishing any related corrective action. This proposed AD also would require modifying the drain line of the fuel feed shroud of the horizontal stabilizer. This proposed AD is prompted by a report of the drain line of the fuel feed shroud riding on the power feeder cables of the APU. We are proposing this AD to prevent chafing of the power feeder cables of the APU, which could result in electrical arcing to adjacent structure and consequent fire in the airplane.

DATES: We must receive comments on this proposed AD by November 22, 2004.

ADDRESSES: Use one of the following addresses to submit comments on this proposed AD.

- DOT Docket Web site: Go to <http://dms.dot.gov> and follow the instructions for sending your comments electronically.

SUPPLEMENTARY INFORMATION:

Docket Management System (DMS)

The FAA has implemented new procedures for maintaining AD dockets electronically. As of May 17, 2004, new AD actions are posted on DMS and assigned a docket number. We track each action and assign a corresponding directorate identifier. The DMS AD docket number is in the form “Docket No. FAA–2004–99999.” The Transport Airplane Directorate identifier is in the form “Directorate Identifier 2004–NM–999–AD.” Each DMS AD docket also lists the directorate identifier (“Old Docket Number”) as a cross-reference for searching purposes.
