Thus this rule is not subject to the requirements of section 202 and 205 of the Unfunded Mandates Reform Act of 1995.

Background

On May 13, 2002, the Farm Security and Rural Investment Act of 2002 (Farm Bill) was signed into law as Public Law 107-171. Section 6002 of the Farm Bill amended the Consolidated Farm and Rural Development Act (CONACT), by adding a grant program to establish a revolving loan fund. The Secretary may make grants to qualified, private, non-profit entities. The grant recipients will use the grant funds to establish a revolving loan fund. The loans will be made to eligible entities to finance predevelopment costs of water or wastewater projects, or short-term small capital projects not part of the regular operation and maintenance of current water and wastewater systems.

Eligible entities for the revolving loan fund will be the same entities eligible to obtain a loan, loan guarantee, or grant from the Rural Utilities Service Water and Waste Disposal and Wastewater loan and grant programs. The amount of financing to an eligible entity shall not exceed \$100,000.00 and shall be repaid in a term not to exceed 10 years. The rate shall be determined in the approved grant work plan.

No funds were appropriated for the grant program for fiscal years (FY) 2002 and FY 2003. However, the Consolidated Appropriations Act, 2004 (Pub. L. 108-199) included \$500,000.00 for the grant program. Therefore, we are

developing the regulation to implement the grant program.

The Administrator of RUS is required to prescribe regulations to implement the provisions of the CONACT. Rural Utilities Service will be relying heavily on existing regulations within the Rural Development Program in order to develop regulations for this new program.

A Notice of Inquiry was published in the **Federal Register**, Thursday, February 12, 2004 at 69 CFR Part 6937, requesting interested parties to review the CONACT and comment on six topics. The comment period closed on March 15, 2004. RUS received responses from six parties; National Rural Water Association (NRWA), Association of State Drinking Water Administrators (ASDWA), Rural Community Assistance Program (RCAP), Midwest Assistance Program (MAP), Community Resource Group (CRG), and South Central Illinois Regional Planning & Development Commission (SCIRP&DC). The topics, comments, and Agency responses as follows:

(1) RUS is seeking comments on a requirement for current lending experience of potential grant applicants.

ASDWA did not feel they were able to comment on this topic. SCIRP&DC was in favor of requiring current lending experience of potential grant applicants. CRG, MAP, and RCAP believe that the applicant should have the demonstrated capacity and financial ability to provide on-site technical assistance to the borrowers, both before and after a loan is made. RCAP further recommends that RUS base its criteria for determining applicants' qualifications on the criteria outlined in regulations for USDA's Intermediary Relending Program (7 CFR Part 4274). RCAP believes this would allow the Agency flexibility to award a grant to a non-profit that may not have significant loan making experience.

The Agency's position is that in order to fulfill its fiduciary and oversight responsibilities, the primary experience for an applicant is a successful record of making and servicing loans.

(2) RUS is also interested in comments regarding a proposed minimum 20 percent matching funds contribution by the grant recipient. Should in-kind contributions be accepted as part of the 20 percent minimum?

All respondents except NRWA agree with a minimum 20 percent match. NRWA did not comment on this topic. CRG believes that above a 20 percent match should not favor one area of the country above another and the cash match should be proportionate to every loan. All loan losses should come out of

the matching funds. MAP recommends that more points should be given for a greater than 20 percent match only when two or more applications are from the same region of the country. RCAP recommends that priority points be awarded for a match above 20 percent.

The Agency's position is to require a minimum 20 percent matching funds contribution by the grant recipient. Contributions by the grant recipient signal a serious intent to invest in the project as well as increasing the overall size of the loan fund from which loans shall be made, thereby increasing the number of potential loan recipients. The Agency agrees with RCAP's recommendation and will award priority points for greater than 20 percent match.

(3) RUS is interested in comments regarding the percentage of the grant funds that may be used for administrative or servicing fees.

ASDWA believes that 6 percent would be reasonable although the current allowable percentage for the Drinking Water State Revolving Fund is 4 percent. SCIRP&DC recommends a rate of 2 to 3 percent is adequate. SCIRP&DC further recommends 0.5 percent be incorporated into the loan rate for debt servicing. CRG believes that no Federal or match funds should be used for administrative fees. Interest and fees earned from loans should be used to fund loan loss reserves. MAP believes that allowable eligible costs as described in the authorizing Farm Bill language are adequate. RCAP recommends that Federal funds not be used for administrative costs. Administrative costs should come from matching funds. NRWA believes that administrative costs and overhead should be minimal.

The Agency's position is to maximize the use of limited grants dollars in order to fund the greatest number of projects possible, therefore, grant funds may not be used for payment of the intermediary's administrative cost or expenses. Interest collected from loans made by the intermediary may be used to cover reasonable administrative costs.

(4) RUS is seeking comments on the issue of the revolving fund paying up to a maximum of 75 percent of the project costs, with the other 25 percent of project costs paid from non-Federal sources.

ASDWA had no objection. SCIRP&DC has some confusion between the organization's match funding a maximum of 75 percent of project costs. CRG believes limiting Federal participation to no more than 75 percent of project costs is reasonable. Both MAP

and RCAP believe that the 75 percent maximum may restrict or deter borrowers from seeking financing through this program. MAP further believes that this requirement will create a financial burden to low-income communities.

The Agency's response is to establish a maximum loan amount of the lesser of \$100,000 or 75 percent of the total costs of the project in order to focus program funding of small capital projects. The authorizing legislation sets a maximum loan amount of \$100,000. The Agency believes that the lesser of \$100,000 or 75 percent of the cost of the project will allow for a greater number of loans to be made and also comply with the authorizing legislation.

(5) RUS is interested in comments regarding the use of the Central Servicing Center (http://www.rurdev.usda.gov/rhs/sfh/bor_sfh.htm) for servicing loans made from the revolving loan fund, to include processing loan payments, reviewing financial statements, and other responsibilities involved in loan servicing.

ASDWA had no comment. SCIRP&DC wants to service the loans in house and has a proven track record. MAP recommends not utilizing the Central Servicing Center. Both CRG and RCAP believe maintaining servicing in house allows the lender to stay close to borrowers and alerts the lender to any potential problems. Also, using a third party for servicing would raise costs.

The Agency agrees with SCIRP&DC, MAP, CRG, and RCAP that the grant recipient should service loans made from the Revolving Fund Program. The direct final rule, 7 CFR Part 1783, does not require loans made from the Revolving Fund Program to be serviced by the Central Servicing Center.

(6) RUS is also seeking comments on the definition of eligible and ineligible projects for the loans made from the revolving loan fund.

ASDWA wants the lender to consult with state agencies in defining eligible projects. SCIRP&DC believes that reasonable administrative fees for providing guidance/technical assistance should be an eligible project. CRG recommends that pre-development, upgrades, or extending service should have the same eligibility requirements as the regular RUS Water and Waste Disposal Loan Program. RCAP believes that projects financed under this program should be coordinated with the State Rural Development Office. RCAP also presents a long list of eligible projects they feel should be included.

The Agency is required to follow the definition of eligible as set forth in the authorizing legislation of the CONACT. The Agency will, to the extent possible within the parameters of the authorizing legislation, be flexible in determining the specific projects that qualify as eligible.

General Comments

(1) ASDWA believes that, historically, the primary vehicle to provide low-interest loans water and wastewater systems is through the Drinking Water State Revolving Funds and the Clean Water State Revolving Funds and that Federal funds should be channeled through these mechanisms. ASDWA believes all water projects should be aligned with state drinking water priorities.

The Agency's response is that it is not authorize to roll funds for the Revolving Fund Program into the existing USDA loan and grant program or through the Drinking Water State Revolving Funds and the Clean Water State Revolving Funds.

(2) SCIRP&DC suggest that revolving fund grants be made to regional planning commissions that are familiar with state and local funding options. NRWA believes funds for the Revolving Fund Program would be more effectively used within the existing USDA loan and grant program. Cost of administering such a small program will significantly outweigh any potential benefits.

The Agency's response is that the CONACT, as amended by the Farm Bill, added a grant program to establish a revolving loan fund. The Secretary may make grants to qualified, private, non-profit entities, not state agencies. As with current RUS water and waste disposal projects, loans made under this program will be coordinated with state agencies.

All comments received were taken into consideration in developing the regulation.

[Notice 2004–13]

Presidential Inaugural Committee Reporting and Prohibition on Accepting Donations From Foreign Nationals

AGENCY: Federal Election Commission.
ACTION: Final rules and transmittal of regulations to Congress.

SUMMARY: The Federal Election Commission is promulgating new rules regarding disclosure requirements for Presidential inaugural committees. The new rules also ban inaugural committees from accepting donations from foreign nationals. These regulations implement requirements of the Bipartisan Campaign Reform Act of 2002. Further information is provided in the Supplementary Information that follows.

EFFECTIVE DATE: November 5, 2004.

FOR FURTHER INFORMATION CONTACT: Mr. Brad C. Deutsch, Assistant General Counsel, or Ms. Esa L. Sferra, Attorney, 999 E Street, NW., Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: Section 308 of the Bipartisan Campaign Reform Act of 2002 (“BCRA”), Public Law 107–1555, 116 Stat. 81 (March 27, 2002), amended 36 U.S.C. 510 by establishing new requirements for Presidential inaugural committees regarding reporting and acceptance of certain donations. The Commission is issuing these final rules to implement these new requirements for inaugural committees.

The Presidential inaugural committee is appointed by the President-elect to be in charge of the Presidential inaugural ceremony and the functions and activities connected with the ceremony. 36 U.S.C. 501(1). The inaugural committee plans and finances all inaugural events, other than the swearing-in ceremony at the Capitol and the luncheon honoring the President and Vice-President,¹ including opening

ceremonies, the parade, galas, and balls. The inaugural committee also receives special privileges in the District of Columbia beginning five days before and ending four days after the inaugural ceremony. Chapter 5 of title 36 of the United States Code authorizes Congress to make appropriations for the inauguration, however, the appropriations are limited to funding for the District of Columbia to pay for the costs of municipal services associated with the inaugural events. Accordingly, the inaugural committee accepts donations to cover the costs associated with all other inaugural events.

BCRA section 308 amended 36 U.S.C. 510 to require the inaugural committee to disclose, in a report filed with the Commission within 90 days after the inaugural ceremony, certain donations made to the inaugural committee, and to ban the inaugural committee from accepting donations from foreign nationals. Accordingly, the Commission is adding new 11 CFR 104.21 to its reporting rules, in 11 CFR part 104, to set forth inaugural committee reporting requirements. The Commission is also adding to the rules regarding foreign nationals at 11 CFR 110.20 a new paragraph banning both the acceptance by inaugural committees of donations from foreign nationals, as well as the making of such donations.

Under the Administrative Procedures Act, 5 U.S.C. 553(d), and the Congressional Review of Agency Rulemaking Act, 5 U.S.C. 801(a)(1), agencies must submit final rules to the Speaker of the House of Representatives and the President of the Senate and publish them in the **Federal Register** at least 30 calendar days before they take effect. The final rules on inaugural committees were transmitted to Congress on September 30, 2004.

Explanation and Justification

On April 7, 2004, the Commission published a Notice of Proposed Rulemaking (“NPRM”) in the **Federal Register** containing proposed rules to implement BCRA’s amendment to 36 U.S.C. 510 that requires disclosure of certain donations to Presidential inaugural committees and bans the acceptance of donations from foreign nationals by Presidential inaugural committees. 69 FR 18301 (April 7, 2004). The Commission sought comments on several issues raised in the NPRM and on the proposed rules in general. The comment period ended May 7, 2004. The Commission received three comments, two from individuals
