Delaware: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Delaware has applied to EPA for final authorization of revisions to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to Delaware. In the “Rules and Regulations” section of this Federal Register, EPA is authorizing the revisions by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we receive written comments that oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. However, if we receive comments that oppose this action, or portions thereof, we will withdraw the relevant portions of the immediate final rule, and they will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send your written comments by November 8, 2004.

ADDRESSES: Submit your comments, identified by FRL–7825–5 by one of the following methods:
2. E-mail: ellerbe.lillie@epamail.epa.gov.
4. Hand Delivery: At the previously-listed EPA Region III address. Such deliveries are only accepted during normal hours of operation, and special arrangements should be made for deliveries of boxed information.

You may inspect and copy Delaware’s application from 8 a.m. to 4:30 p.m., Monday through Friday at the following addresses: Delaware Department of Natural Resources & Environmental Control, Division of Air & Waste Management, Solid and Hazardous Waste Management Branch, 89 Kings Highway, Dover, DE 19901, Phone number (302) 739–3669, attn: Karen J’Anthony, and EPA Region III, Library, 2nd Floor, 1650 Arch Street, Philadelphia, PA 19103–2029, Phone number: (215) 814–5254.

Instructions: Direct your comments to FRL–7825–5. EPA’s policy is that all comments received will be included in the public file without change, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through any process or system, including any personal identification or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through http://www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public file and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Endangered and Threatened Wildlife and Plants; Proposed Designation of Critical Habitat for Navarretia fossalis (spreading navarretia)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), propose to designate critical habitat for Navarretia fossalis (spreading navarretia) pursuant to the Endangered Species Act of 1973, as amended (Act). We have identified 31,086 acres (ac) (12,580 hectares (ha)) of habitat essential to the conservation of Navarretia fossalis, and propose to designate 4,301 ac (1,741 ha) of this essential habitat as critical habitat in San Diego and Los Angeles Counties, California. We have excluded 26,785 ac (10,839 ha) of essential habitat in Riverside and San Diego Counties from this proposed critical habitat designation. The excluded lands are located within approved and pending habitat conservation plans (HCPs), “mission-critical” training areas on Department of Defense lands, and areas covered by Integrated Natural Resource Management Plans (INRMPs) on Department of Defense lands. In developing this proposal, we evaluated those lands determined to be essential...
