### Mandatory Ballast Water Management Program for U.S. Waters; Corrections

**AGENCY:** Coast Guard, DHS.

**ACTION:** Correcting amendments.

**SUMMARY:** The Coast Guard is correcting a final rule that appeared in the **Federal Register** of July 28, 2004 (69 FR 44952). The final rule requires mandatory ballast water management practices for all vessels equipped with ballast water tanks bound for ports or places within the U.S. or entering U.S. waters. These grammatical corrections clarify the final rule.

**DATES:** This correction is effective on July 28, 2004.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call Mr. Bivan Patnaik, Project Manager, Environmental Standards Division, Coast Guard, telephone 202-267-1744, email: [bpatnaik@comdt.uscg.mil](mailto:bpatnaik@comdt.uscg.mil). If you have questions on viewing the docket, call Ms. Andrea M. Jenkins, Program

Manager, Docket Operations, telephone 202-366-0271.

#### SUPPLEMENTARY INFORMATION:

##### Need for Correction

As published, the final rule contain errors which may prove to be misleading and therefore need to be clarified.

### Federal Emergency Management Agency

#### 44 CFR Part 64

[Docket No. FEMA-7849]

### Suspension of Community Eligibility

**AGENCY:** Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on

the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the **Federal Register**.

**DATES:** The effective date of each community's suspension is the third date (“Susp.”) listed in the third column of the following tables.

**ADDRESSES:** If you wish to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

**FOR FURTHER INFORMATION CONTACT:** Mike Grimm, Mitigation Division, 500 C Street, SW.; Room 412, Washington, DC 20472, (202) 646-2878.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the National Flood Insurance Program, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 *et seq.* Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of
