

with the State of California, DHS, and under which DHS will participate in a computer matching program with CMS, to study claims, billing, and eligibility information to detect suspected instances of Medicare and Medicaid fraud and abuse (F&A) in the State of California. CMS and DHS will provide Electronic Data Systems (EDS), a CMS contractor (hereinafter referred to as the "Custodian"), with Medicare and Medicaid records pertaining to eligibility, claims, and billing which the Custodian will match in order to merge the information into a single database. Utilizing fraud detection software, the information will then be used to identify patterns of aberrant practices requiring further investigation. The following are examples of the type of aberrant practices that may constitute F&A by practitioners, providers, and suppliers in the State of California expected to be identified in this matching program: (1) Billing for provision of more than 24 hours of services in one day; (2) providing treatment and services in ways more statistically significant than similar practitioner groups; and (3) up-coding and billing for services more expensive than those actually performed.

CATEGORIES OF RECORDS AND INDIVIDUALS COVERED BY THE MATCH:

This CMP will enhance the ability of CMS and DHS to detect F&A by matching claims data, eligibility, and practitioner, provider, and supplier enrollment records of Medicare beneficiaries, practitioners, providers, and suppliers in the State of California against records of Medicaid/Medi-Cal beneficiaries, practitioners, providers, and suppliers in the State of California.

DESCRIPTION OF RECORDS TO BE USED IN THE MATCHING PROGRAM:

Matched data will be released to DHS pursuant to the routine use as set forth in the system notice.

Enrollment Database, System No. 09-70-0502 (formerly known as the Health Insurance Master Record) published at 55 FR 37547 (September 12, 1990). Matched data will be released to DHS pursuant to the routine use set forth in the system notice.

Medicare Supplier Identification File, System No. 09-70-0530 was most recently published in the **Federal Register**, at 57 FR 23420 (June 3, 1992). Matched data will be released to DHS pursuant to the routine use as set forth in the system notice.

Matched data will be released to DHS pursuant to the routine use as set forth in the system notice.

Carrier Medicare Claims Record, System No. 09-70-0501 published in the **Federal Register** at 59 FR 37243 (July 21, 1994). Matched data will be released to DHS pursuant to the routine use as set forth in the system notice.

The data for DHS are maintained in the following data files: "Medi-Cal RFF035 File Paid Claims"; "Medi-Cal Combined Provider Master File"; and "Medi-Cal Eligibility Record File."

INCLUSIVE DATES OF THE MATCH:

The CMP shall become effective no sooner than 40 days after the report of the Matching Program is sent to OMB and Congress, or 30 days after publication in the **Federal Register**, which ever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.
