

reporting requirements of the Government Performance and Results Act (GPRA) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA programs. In addition, the data will be useful in addressing goals and objectives outlined in ONDCP's *Performance Measures of Effectiveness*.

The revision of this data collection affects only the Center for Substance Abuse Treatment (CSAT). The proposed revision will modify the CSAT services instrument to include new questions on family characteristics, specific services and social connectedness to align with the SAMHSA Administrator's seven domains for national outcomes

measures. In addition, the data collection time points will change to intake, discharge, and 6 months post admission. It is estimated that an average of five minutes will be added to the response burden for each client.

The following is the estimated annual response burden for this collection.

| Center/number of annual clients-participants | Responses per client/participant | Hours per response | Total hours | Proportion of added burden | Total hour burden |
|--|----------------------------------|--------------------|-------------|----------------------------|-------------------|
| CMHS: 3,750 | 3 | .33 | 3,713 | 0.70 | 2,599 |
| CSAP: 12,150 | 3 | .33 | 12,029 | 0.72 | 8,661 |
| CSAT: 26,031* | 3 | .42 | 32,799 | 0.47 | 15,416 |
| 3,500** | ***4 | .42 | 5,880 | 0.47 | 2,765 |
| Total: 45,431 | | | | | 29,440 |

Note: This is the maximum additional burden if all clients/participants complete three sets of items. CSAP and CSAT adolescent clients/participants do not usually receive all four data collections. Added burden proportion is an adjustment reflecting the extent to which programs typically already collect the data items. The formula for calculating the proportion of added burden is: Total number of items in the standard instrument minus the number of core GPRA items currently included divided by the total number of items in the standard instrument.

*Adults.

**Adolescents.

***Four data collections for adolescents.
