Agreement, Portland General is responsible for the operation and maintenance of the Facility.¹

In January 2004, Portland General extended the Lease Agreement through 2010. More recently, the company and Owner Participant negotiated a purchase price for the Facility, assuming that the transaction closes by October 29, 2004. The purchase price would be between \$20 million and \$35 million. If the closing is delayed but takes place on or before November 30, 2004, the purchase price will be increased for each day after October 29, 2004 that closing is delayed based on the 90-day London Interbank Offered Rate ("LIBOR") determined two days before the closing. The closing may be delayed beyond November 30, 2004 only upon mutual agreement, including agreement on a new purchase price. The funds to be used to purchase the Facility would come from Portland General's internally generated cash.

There are no fees, commissions or other remuneration to be paid by Portland General to the Owner Trustee, the Owner Participant or any other party in connection with the purchase of the Facility. The Owner Participant is responsible for all of its costs and expenses related to the purchase of the Facility and the termination of the Financing Transaction. Portland General would pay the usual and customary costs and expenses of the Owner Trustee, the indenture trustee and the loan participant, the other parties to the Financing Transaction, incurred by them in connection with termination of the Financing Transaction.2

Following the Purchase, Portland General would continue to operate and maintain the Facility for the benefit of the Boardman Plant Co-Owners, and the Boardman Plant Co-Owners would continue to pay their *pro-rata* share of current rate (2004 calendar year) lease rental.³

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Margaret H. McFarland,

Deputy Secretary.
