Proposed Submission of Information Collection for OMB Review; Comment Request; Liability for Termination of Single-Employer Plans

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of intention to request extension of OMB approval.

SUMMARY: The Pension Benefit Guaranty Corporation ("PBGC") intends to request that the Office of Management and Budget ("OMB") extend approval, under the Paperwork Reduction Act, of a collection of information contained in its regulation on Liability for Termination of Single-Employer Plans, 29 CFR part 4062 (OMB control number 1212-0017; expires January 31, 2005). This notice informs the public of the PBGC's intent and solicits public comment on the collection of information.

DATES: Comments should be submitted by December 14, 2004.

ADDRESSES: Comments may be mailed to the Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC

20005-4026, or delivered to Suite 340 at that address during normal business hours. Comments also may be submitted electronically through the PBGC's Web site at <http://www.pbgc.gov/paperwork>, or by fax to (202) 326-4112. The PBGC will make all comments available on its Web site, <http://www.pbgc.gov>.

Copies of the collection of information may be obtained without charge by writing to the PBGC's Communications and Public Affairs Department at Suite 240 at the above address or by visiting that office or calling (202) 326-4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to (202) 326-4040.) The regulation on Liability for Termination of Single-Employer Plans can be accessed on the PBGC's Web site at <http://www.pbgc.gov>.

FOR FURTHER INFORMATION CONTACT:

Harold J. Ashner, Assistant General Counsel, or Thomas H. Gabriel, Attorney, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, (202) 326-4024. (For TTY and TDD, call (800) 877-8339 and request connection to (202) 326-4024).

SUPPLEMENTARY INFORMATION: Section 4062 of the Employee Retirement Income Security Act of 1974 provides that the contributing sponsor of a single-employer pension plan and members of the sponsor's controlled group ("the employer") incur liability ("employer liability") if the plan terminates with assets insufficient to pay benefit liabilities under the plan. The PBGC's statutory lien for employer liability and the payment terms for employer liability are affected by whether and to what extent employer liability exceeds 30 percent of the employer's net worth.

Section 4062.6 of the PBGC's employer liability regulation (29 CFR 4062.6) requires a contributing sponsor or member of the contributing sponsor's controlled group who believes employer liability upon plan termination exceeds 30 percent of the employer's net worth to so notify the PBGC and to submit net worth information. This information is necessary to enable the PBGC to determine whether and to what extent employer liability exceeds 30 percent of the employer's net worth.

The collection of information under the regulation has been approved by OMB under control number 1212-0017 through January 31, 2005. The PBGC intends to request that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to,

a collection of information unless it displays a currently valid OMB control number.

The PBGC estimates that an average of 5 contributing sponsors or controlled group members per year will respond to this collection of information. The PBGC further estimates that the average annual burden of this collection of information will be 12 hours and \$3,300 per respondent, with an average total annual burden of 60 hours and \$16,500.

The PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC, this 12th day of October, 2004.

Stuart A. Sirkin,

Director, Corporate Policy and Research Department, Pension Benefit Guaranty Corporation.

SUPPLEMENTARY INFORMATION:

Variable-Rate Premiums

Section 4006(a)(3)(E)(iii)(II) of the Employee Retirement Income Security Act of 1974 (ERISA) and § 4006.4(b)(1) of the PBGC's regulation on Premium Rates (29 CFR part 4006) prescribe use of an assumed interest rate (the "required interest rate") in determining a single-employer plan's variable-rate premium. Pursuant to the Pension Funding Equity Act of 2004, for premium payment years beginning in 2004 or 2005, the required interest rate is the "applicable percentage" (currently 85 percent) of the annual rate of interest determined by the Secretary of the Treasury on amounts invested conservatively in long-term investment grade corporate bonds for the month preceding the beginning of the plan year for which premiums are being paid. Thus, the required interest rate to be used in determining variable-rate premiums for premium payment years beginning in October 2004 is 4.79 percent (*i.e.*, 85 percent of the 5.63 percent composite corporate bond rate for September 2004 as determined by the Treasury).

The following table lists the required interest rates to be used in determining variable-rate premiums for premium

payment years beginning between November 2003 and October 2004. Note that the required interest rates for premium payment years beginning in November through December 2003 were determined under the Job Creation and Worker Assistance Act of 2002, and that the required interest rates for premium payment years beginning in January through October 2004 were determined under the Pension Funding Equity Act of 2004.

For premium payment years beginning in:	The required interest rate is:
November 2003*	5.16
December 2003*	5.12
January 2004**	4.94
February 2004**	4.83
March 2004**	4.79
April 2004**	4.62
May 2004**	4.98
June 2004**	5.26
July 2004**	5.25
August 2004**	5.10
September 2004**	4.95
October 2004**	4.79

*The required interest rates for premium payment years beginning in November through December 2003 were determined under the Job Creation and Worker Assistance Act of 2002.

**The required interest rates for premium payment years beginning in January through October 2004 were determined under the Pension Funding Equity Act of 2004.

Late Premium Payments; Underpayments and Overpayments of Single-Employer Plan Termination Liability

Section 4007(b) of ERISA and § 4007.7(a) of the PBGC's regulation on Payment of Premiums (29 CFR part 4007) require the payment of interest on late premium payments at the rate established under section 6601 of the Internal Revenue Code. Similarly, § 4062.7 of the PBGC's regulation on Liability for Termination of Single-Employer Plans (29 CFR part 4062) requires that interest be charged or credited at the section 6601 rate on underpayments and overpayments of employer liability under section 4062 of ERISA. The section 6601 rate is established periodically (currently quarterly) by the Internal Revenue Service. The rate applicable to the fourth quarter (October through December) of 2004, as announced by the IRS, is 5 percent.

The following table lists the late payment interest rates for premiums and employer liability for the specified time periods:

From—	Through—	Interest rate (percent)

Underpayments and Overpayments of Multiemployer Withdrawal Liability

Section 4219.32(b) of the PBGC's regulation on Notice, Collection, and Redetermination of Withdrawal Liability (29 CFR part 4219) specifies the rate at which a multiemployer plan is to charge or credit interest on underpayments and overpayments of withdrawal liability under section 4219 of ERISA unless an applicable plan provision provides otherwise. For interest accruing during any calendar quarter, the specified rate is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates"). The rate for the fourth quarter (October through December) of 2004 (*i.e.*, the rate reported for September 15, 2004) is 4.50 percent.

The following table lists the withdrawal liability underpayment and overpayment interest rates for the specified time periods:

Multiemployer Plan Valuations Following Mass Withdrawal

The PBGC's regulation on Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281) prescribes the use of interest assumptions under the PBGC's

regulation on Allocation of Assets in Single-Employer Plans (29 CFR part 4044). The interest assumptions applicable to valuation dates in November 2004 under part 4044 are contained in an amendment to part 4044 published elsewhere in today's **Federal Register**. Tables showing the assumptions applicable to prior periods are codified in appendix B to 29 CFR part 4044.

the over-the-counter market. The Index currently consists of approximately 75 securities, representing approximately 15% of the market capitalization of the S&P 500 Index.
