Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Canadian National Railway Company

(Waiver Petition Docket Number FRA–2004–18960)

The Canadian National Railway Company (CN) seeks a waiver of compliance with the *Locomotive Safety Standards*, 49 CFR 229.23, 229.27, and 229.29, as they pertain to the requirement to maintain the locomotive repair record form FRA 6180.49A, commonly referred to as the Blue Card, in the cab of their locomotives. If granted, CN would maintain locomotive inspection information in a secure data base. The data base would be maintained as the required office copy of form FRA 6180.49A. A computer generated form, which is similar to and contains all information currently contained on the required FRA 6180.49A, would be maintained on board the locomotive. In place of required signatures of persons performing inspections and tests, CN employees would be provided a unique login identification number and a secure

password to access the system and verify performance of inspections. In place of signatures, computer generated reports would block print the name of the employee performing a required inspection and block print the employees supervisor who is certifying that all inspections have been made and all repairs were completed. Required filing of the previous inspection record will be maintained through the data base.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (FRA–2004–18960) and must be submitted to the Docket Clerk, DOT Docket Management Facility, Room PL–401 (Plaza Level), 400 7th Street, SW., Washington, DC 20590. Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>.

Surface Transportation Board

[STB Finance Docket No. 34555]

City of Tacoma, Department of Public Utilities, Beltline Division, d/b/a Tacoma Rail or Tacoma Municipal Beltline or TMBL—Acquisition and Operation Exemption—Lakeview Subdivision, Quadlok-St. Clair and Belmore-Olympia Rail Lines in Pierce and Thurston Counties, WA

The City of Tacoma, Department of Public Utilities, Beltline Division, d/b/a Tacoma Rail or Tacoma Municipal Beltline or TMBL (TMBL), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire and operate approximately 28 miles of rail line, and to obtain approximately 22 miles of incidental trackage rights, in Pierce and Thurston Counties, WA. Specifically, TMBL intends: (1) To acquire a freight service easement from The Burlington Northern and Santa Fe Railway Company (BNSF) from milepost 2.15 at South Tacoma to milepost 8.92 at Lakeview Junction, and from milepost 0.0 at West Lakeview to milepost 10.98 at Nisqually, a total distance of 17.75 miles in Pierce County; (2) to lease BNSF's right-of-way from milepost 3.27 at Quadlok to milepost 0.0 at St. Clair, and from milepost 16.0 at Belmore to milepost 9.07 at Olympia, a total distance of 10.2 miles in Thurston County; and (3) to obtain incidental trackage rights from BNSF from milepost 23.0 at Nisqually to milepost 37.00 at East Olympia, and to be assigned incidental trackage rights from BNSF over Union Pacific Railroad Company's rail line from milepost 0.0 at East Olympia to milepost 9.07 at Olympia.¹

Because TMBL's projected annual revenues will exceed \$5 million, it certified to the Board on September 17, 2004, that it sent the required notice of the transaction on July 29, 2004, to the national offices of all labor unions representing employees on the line and that a copy of the notice was posted at the workplace of the employees on the affected lines on July 30, 2004.²

¹ According to TMBL, an agreement has been reached between BNSF, as seller and lessor of the real estate and grantor of incidental trackage rights, and TMBL, as buyer and lessee of the real estate and grantee of incidental trackage rights.

² Inasmuch as TMBL did not certify to the Board compliance with 49 CFR 1150.42(e) 60 days prior to its intended consummation of the transaction, it sought waiver of the 60-day certification requirement. The Board denied that request in a decision served on September 27, 2004. As a consequence, this exemption is not scheduled to become effective until November 16, 2004, and the
