

An interim final rule concerning this action was published in the **Federal Register** on July 9, 2004. Copies of the rule were mailed by the Board's staff to all Board members and tart cherry handlers. In addition, the Office of the Federal Register and USDA made the rule available through the Internet. That rule provided for a 60-day comment period which ended September 7, 2004. No comments were received.

After consideration of all relevant material presented, including the Board's recommendation, and other information, it is found that finalizing the interim final rule, without change, as published in the **Federal Register** (69 FR 41383, July 9, 2004) will tend to effectuate the declared policy of the Act.

AGENCY: Nuclear Regulatory Commission.

ACTION: Direct final rule: Confirmation of effective date.

SUMMARY: The Nuclear Regulatory Commission (NRC) is confirming the effective date of October 27, 2004, for the direct final rule that was published in the **Federal Register** on August 13, 2004 (69 FR 50053). This direct final rule amended the NRC's regulations to revise the NAC-MPC cask system listing to include Amendment No. 4 to Certificate of Compliance (CoC) No. 1025.

EFFECTIVE DATE: The effective date of October 27, 2004, is confirmed for this direct final rule.

ADDRESSES: Documents related to this rulemaking, including comments received, may be examined at the NRC Public Document Room, located at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852. These same documents may also be viewed and downloaded electronically via the rulemaking Web site (<http://ruleforum.llnl.gov>). FOR FURTHER INFORMATION CONTACT: Jayne M. McCausland, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415-6219, e-mail jmm2@nrc.gov.

SUPPLEMENTARY INFORMATION: On August 13, 2004 (69 FR 50053), the NRC published a direct final rule amending its regulations in 10 CFR part 72 to revise the NAC-MPC cask system listing within the "List of Approved Spent Fuel Storage Casks" to include Amendment No. 4 to CoC No. 1025. This amendment increases vacuum drying time limits, deletes canister removal from concrete cask requirements, revises surface contamination removal time limits, and revises allowable contents fuel assembly limits. In the direct final rule, NRC stated that if no significant adverse comments were received, the direct final rule would become final on October 27, 2004. The NRC did not receive any comments that warranted withdrawal of the direct final rule. Therefore, this rule will become effective as scheduled.

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30426; Amdt. No. 3107]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective October 20, 2004. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of October 20, 2004.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The Flight Inspection Area Office which originated the SIAP; or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service,

Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd. Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the

conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Regulation Nos. 4 and 16]

RIN 0960-AF92

Administrative Review Process; Incorporation-by-Reference of Oral Findings of Fact and Rationale in Wholly Favorable Written Decisions

AGENCY: Social Security Administration (SSA).

ACTION: Final rules with request for comments.

SUMMARY: We are revising our regulations to provide an alternative procedure that an Administrative Law Judge (ALJ) may use, in certain situations, to satisfy the existing requirement for issuing a written decision that gives the findings of fact and the reasons for the decision. If an ALJ enters a wholly favorable, oral decision into the record of a hearing, the ALJ, in certain situations, may fulfill the existing requirement for issuing a

written decision that gives the findings and the reasons for the decision by issuing a written decision that incorporates by reference the findings of fact and the reasons stated orally at the hearing. Under the regulations as revised, this incorporation-by-reference procedure may not be used if the ALJ determines that the oral findings and reasons should be changed in the written decision. Where the ALJ determines that a change is required, the ALJ must issue a written decision that sets forth the findings of fact and the reasons for the decision under the existing procedure, without relying on the incorporation-by-reference procedure.

DATES: These rules are effective October 20, 2004. To be sure your comments are considered, we must receive them no later than December 20, 2004.

ADDRESSES: You may give us your comments by: using our Internet site facility (*i.e.*, Social Security Online) at <http://policy.ssa.gov/pnpublic.nsf/LawsRegs> or the Federal eRulemaking Portal at <http://www.regulations.gov>; e-mail to regulations@ssa.gov; telefax to (410) 966-2830; or letter to the Commissioner of Social Security, P.O.
