

Example 1: Midshipman graduates on June 30, 2004. His or her first reporting date is between January 1, 2005 and March 1, 2005 and each following period between January 1 and March 1 for six (6) consecutive years thereafter (or until all components of the service obligation are fulfilled, whichever is latest) for a minimum of seven (7) reports.

Example 2: Midshipman has a deferred graduation on November 30, 2004. His or her first reporting date is between January 1, 2005 and March 1, 2005 and each following period between January 1 and March 1 for six (6) consecutive years thereafter (or until all components of the service obligation are fulfilled, whichever is latest) for a minimum of seven (7) reports.

Example 3: Midshipman has a deferment following graduation on June 30, 2004, to attend graduate school for two (2) years. His or her first reporting date is between January 1, 2005 and March 1, 2005 and during the same time frame between January 1 and March 1 for two (2) years during graduate school, and then during the same January 1 to March 1 time frame for six (6) consecutive years thereafter (or until all components of the service obligation are fulfilled, whichever is latest) for a total of nine (9) reports.

(ii) The Maritime Administration will provide reporting forms. However, non-receipt of such forms will not exempt a graduate from submitting information as required by this paragraph. The reporting form has been approved by the Office of Management and Budget (2133-0509).

By Order of the Maritime Administrator.

Dated: October 13, 2004.

Joel C. Richard,

Secretary, Maritime Administration.

[FR Doc. 04-23362 Filed 10-19-04; 8:45 am]

BILLING CODE 4910-81-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 031124287-4060-02; I.D. 101504A]

Fisheries of the Exclusive Economic Zone Off Alaska; "Other Species" in the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Prohibition of retention.

SUMMARY: NMFS is prohibiting retention of "other species" in the Bering Sea and Aleutian Islands management area (BSAI). NMFS is requiring that catch of "other species" in this area be treated in

the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the 2004 total allowable catch (TAC) of "other species" in this area has been reached.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 16, 2004, until 2400 hrs, A.l.t., December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2004 TAC of "other species" in the BSAI was established as 23,124 metric tons by the final 2004 harvest specifications for groundfish in the BSAI (69 FR 9242, February 27, 2004).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS, has determined that the "other species" TAC in the BSAI has been reached. Therefore, NMFS is requiring that further catches of "other species" in the BSAI be treated as a prohibited species in accordance with § 679.21(b). "Other species" includes sculpins, sharks, skates and octopus.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the prohibition of retention of "other species" in the BSAI.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 15, 2004.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 031124287-4060-02; I.D. 101504B]

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Reallocation of Pacific cod.

SUMMARY: NMFS is reallocating the projected unused amount of Pacific cod from vessels using trawl and jig gear to vessels using hook-and-line and pot gear in the BSAI. These actions are necessary to allow the 2004 total allowable catch (TAC) of Pacific cod to be harvested.

DATES: Effective October 15, 2004, until 2400 hours, A.l.t., December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2004 final harvest specifications for groundfish of the BSAI (69 FR 9242, February 27, 2004), established the Pacific cod TAC as 199,338 metric tons (mt). Pursuant to § 679.20(a)(7)(i)(A), 3,987 mt was allocated to vessels using jig gear, 101,662 mt to vessels using hook-and-line or pot gear, and 93,689 mt to vessels using trawl gear. The share of the Pacific cod TAC allocated to trawl gear was further allocated 50 percent to
