Agency Information Collection Activities: Proposed Collection; Comment Request—Child Nutrition Database

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the Food and Nutrition Service to request an extension of a currently approved collection. This collection is the voluntary submission of data including nutrient data from the food service industry to update and expand the Child Nutrition Database in support of the School Meals Initiative for Healthy Children.

DATES: Comments on this notice must be received by December 21, 2004, to be assured of consideration.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval and will become a matter of public record. Comments may be sent

to: William Wagoner, Team Leader, Technical Assistance Section, Nutrition Promotion and Training Branch, Child Nutrition Division, room 632, Food and Nutrition Service, United States Department of Agriculture, 3101 Park Center Drive, Alexandria, VA 22302.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instruments and instruction should be directed to William Wagoner at (703) 305-2609.

SUPPLEMENTARY INFORMATION:

Title: Data Collection to Expand the Child Nutrition Database.

OMB Number: 0584-0494.

Expiration Date: 02-2005.

Type of Request: Extension of currently approved collection.

Abstract: The development of the Child Nutrition (CN) Database, previously known as the National Nutrient Database for Child Nutrition Programs, is regulated by the United States Department of Agriculture (USDA) School Meals Initiative for Healthy Children. This database is designed to be incorporated in USDA approved nutrition analysis software programs and provide an accurate source of nutrient data. The software allows schools participating in the National School Lunch (NSLP) and School Breakfast (SBP) Programs to analyze meals and measure the compliance of the menus to established nutrition goals and standards specified in 7 CFR 210.10 for the NSLP and 7 CFR 220.8 for the SBP. The information collection for the CN Database is conducted using an outside contractor. The CN Database needs to be updated with an extensive database of brand name or manufactured foods commonly used in school food service. The Food and Nutrition Service's contractor collects this data from the food industry to update and expand the CN Database. The submission of data from the food industry will be strictly voluntary, and based on analytical, calculated, or nutrition facts label sources.

Respondents: The respondents are the manufacturers of food products for school food service.

Nominations for Membership on the National Advisory Committee on Microbiological Criteria for Foods

AGENCY: Food Safety and Inspection Service (FSIS), USDA.

ACTION: Notice.

SUMMARY: This notice announces that the U.S. Department of Agriculture (USDA) is soliciting nominations for membership on the National Advisory Committee on Microbiological Criteria for Foods (NACMCF). Nominations for membership are being sought from individuals with scientific expertise in the fields of epidemiology, food technology, microbiology (food, clinical, and predictive), risk assessment, infectious disease, biostatistics, and other related sciences. Persons from State and Federal governments, industry and academia are invited to submit nominations. Members who are not Federal government employees will be appointed to serve as non-compensated special government employees (SGEs). SGEs will be subject to appropriate conflict of interest statutes and standards of ethical conduct.

DATES: The nominee's typed resume or curriculum vitae must be received by November 22, 2004.

ADDRESSES: Nominations should be sent to Ms. Karen Thomas, Advisory Committee Specialist, USDA, Food Safety and Inspection Service, Room

333 Aerospace Center, 1400 Independence Avenue, SW., Washington, DC 20250-3700.

FOR FURTHER INFORMATION CONTACT: Ms. Karen Thomas, Advisory Committee Specialist, at the above address or by telephone (202) 690-6620 or Fax (202) 690-6634.

SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in March 1988, in response to a recommendation in a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF and other information about the Committee are available for viewing on the NACMCF homepage at http://www.fsis.usda.gov/About_FSIS/NACMCF/index.asp.

The Committee provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services concerning the development of microbiological criteria by which the safety and wholesomeness of food can be assessed. For example, the Committee assists in the development of criteria for microorganisms that indicate whether food has been processed using good manufacturing practices.

Appointments to the Committee will be made by the Secretary of Agriculture after consultation with the Secretary of Health and Human Services to ensure that recommendations made by the Committee take into account the needs of the diverse groups served by the Department. Membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Given the complexity of issues, the full Committee expects to meet at least once yearly, and the meetings will be announced in the **Federal Register**. The subcommittees will meet as deemed necessary by the chairperson and will be held as working group meetings in an open public forum. The subcommittee meetings will not be announced in the **Federal Register**. FSIS will announce the agenda and subcommittee working group meetings through the Constituent Update available on-line at <http://www.fsis.usda.gov>. NACMCF holds subcommittee working group meetings in order to accomplish the work of NACMCF; all work accomplished by the subcommittees is reviewed and approved by the full Committee during

a public meeting of the full Committee, as announced in the **Federal Register**. The subcommittee may invite technical experts to present information for consideration by the subcommittee. All data and records available to the full Committee are expected to be available to the public at the time the full Committee reviews and approves the work of the subcommittee.

Appointment to the Advisory Committee is a two-year term; renewable for a total of three consecutive terms. Members must be prepared to work outside of scheduled Committee and subcommittee meetings, and may be required to assist in document preparation. Committee members serve on a voluntary basis; however, travel reimbursement and per diem are available.

Regarding Nominees Who Are Selected

All nominees who are selected must submit a USDA Advisory Committee Membership Background Information form AD-755, available on-line at: <http://www.fsis.usda.gov/FSISForms/AD-755.pdf>.

In particular to their appointment, SGEs must complete the Office of Government Ethics (OGE) 450 Confidential Financial Disclosure Report, as new entrants before rendering any advice, or prior to their first meeting. All members will be reviewed for conflict of interest pursuant to 18 U.S.C. 208 in relation to specific NACMCF work charges. Financial disclosure updates will be required of members before each meeting. Members must report any changes in financial holdings requiring additional disclosure. OGE 450 forms are available on-line at http://www.usoge.gov/pages/forms_pubs_otherdocs/fpo_files/forms/fr450fill_03.pdf.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it both on-line through the FSIS Web page located at <http://www.fsis.usda.gov> and the NACMCF Web page at http://www.fsis.usda.gov/About_FSIS/NACMCF/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or

would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

Done at Washington, DC, on October 19, 2004.

Barbara J. Masters,

Acting Administrator.
