**SUPPLEMENTARY INFORMATION:** *Title:* 30 CFR Part 206, Subpart B—Indian Oil, § 206.55—Determination of Transportation Allowances (Form MMS-4110, Oil Transportation Allowance Report).

*OMB Control Number:* 1010-0061.

*Bureau Form Number:* Form MMS-4110.

*Abstract:* The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department's Indian trust responsibility. Applicable citations of the laws pertaining to mineral leases on Indian lands include 25 U.S.C. 396d (Chapter 12—Lease, Sale, or Surrender of Allotted or Unallotted Lands); 25 U.S.C. 2103 (Indian Mineral Development Act of 1982); and Public Law 97-451—Jan.

12, 1983 (Federal Oil and Gas Royalty Management Act of 1982).

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share (royalty) of the value received from production from the leased lands. The lease creates a business relationship between the lessor and the lessee. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is similar to data reported to private and public mineral interest owners and is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information collected includes data necessary to ensure that the royalties are paid appropriately.

Proprietary information submitted to MMS under this collection is protected, and no items of a sensitive nature are collected. The MMS requires a response from the lessee in order to obtain the benefit of a transportation allowance on an Indian lease.

Transportation Allowances—Under certain circumstances, the regulations authorize lessees to deduct from royalty payments the reasonable actual costs of transporting the royalty portion of produced minerals from the lease to a sales point not in the immediate lease area. The MMS verifies transportation allowances during the product valuation verification to determine if the lessee reported and paid the proper royalty amount.

The MMS collects transportation allowance data on Form MMS-4110, Oil

Transportation Allowance Report. The MMS and tribal personnel use the information collected on Form MMS-4110 to evaluate the reasonableness of allowances reported and claimed by lessees. To take a transportation deduction, lessees must submit Form MMS-4110 before or in the same month that they report the transportation allowance on Form MMS-2014, Report of Sales and Royalty Remittance (OMB Control Number 1010-0140, expiration date October 31, 2006).

The MMS is requesting OMB's approval to continue to collect this information. Not collecting this information may impact our ability to ascertain the reasonableness of the costs claimed for transportation allowances.

*Frequency:* Annually and on occasion.

*Estimated Number and Description of Respondents:* 6 Indian lessees.

*Estimated Annual Reporting and Recordkeeping "Hour" Burden:* 60 hours.

We base our calculations of the estimated burden hours on the reasonable expectation of 12 responses from 6 Indian lessees. We include reporting requirements (§ 206.55(c)(1)(iv) and § 206.55(c)(2)(vi)) that were overlooked in the previous renewal; however these reporting requirements are audit related and impose no additional burden hours. Through customer contact, we obtained more accurate estimates of the time required to provide the information requested. We do not include in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

*Estimated Annual Reporting and Recordkeeping "Non-hour" Cost Burden:* We have identified no "non-hour" cost burdens.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

*Comments:* Section 3506(c)(2)(A) of the PRA requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each

proposed collection of information \* \* \*." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of

automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on April 26, 2004 (69 FR 22550), announcing we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no written comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or

disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by November 24, 2004.
