SUPPLEMENTARY INFORMATION: Title: 30 CFR part 206—Product Valuation, subpart J—Indian Coal (Forms MMS–4292, Coal Washing Allowance Report, and MMS–4293, Coal Transportation Allowance Report).

OMB Control Number: 1010–0074.

Bureau Form Number: Forms MMS–4292 and MMS–4293.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department’s Indian trust responsibility.

This ICR provides for the collection of coal washing and transportation information for Indian leases. The information collected is essential for the royalty valuation process. Applicable citations include 25 U.S.C. 396d and the Indian Mineral Development Act of 1982 (25 U.S.C. 2103) pertaining to Indian lands on which solid minerals are produced. The product valuation and allowance determination processes are essential to assure that the Indians receive payment on the full value of the minerals removed.

In order to determine whether the amount of royalty paid is correct, the value of the coal being sold or otherwise disposed of in some other manner (for example, used by the lessee) must be established. Under some circumstances, the lessee may be authorized to deduct certain costs in the calculation of royalties due. The total of these authorized deductible costs is known as an allowance. An allowance may be granted to compensate the lessee for the reasonable actual cost of washing the royalty portion of the coal. Also, when the sales point is not in the immediate vicinity of a lease or mine area, an allowance may be granted to compensate the lessee for the reasonable actual cost of transporting the royalty portion of the coal to a sales point not on the lease or mine area.

We developed Form MMS–4292, Coal Washing Allowance Report, and Form MMS–4293, Coal Transportation Allowance Report, for industry to use when reporting or requesting a washing or transportation allowance.

Historically, the lessee requested approval of royalty deductions by submitting a letter, which provided information enabling the Department to evaluate the reasonableness of the deductions. Under the product valuation regulations at 30 CFR 206—Product Valuation, subpart J—Indian Coal, we normally accept costs incurred under arm’s-length contracts for transporting and/or washing coal. (An arm’s-length contract is a contract or an agreement that has been arrived at in the marketplace between independent, nonaffiliated persons with opposing economic interests regarding that contract.) The regulations further provide that we normally accept the gross proceeds accruing to the lessee pursuant to their arm’s-length contract as being representative of value for ad valorem leases (*see* 30 CFR 206.456(b)(1)).

In those instances when Indian royalty coal is washed or transported under non-arm’s-length conditions, it is necessary for us to obtain cost data. This cost data enables us to accurately determine if the lessee correctly computed the coal value and the gross proceeds for royalty calculation purposes.

Not collecting this information would limit the Secretary’s ability to discharge fiduciary duties and may also result in the inability to confirm accurate royalty value. The information that is collected under this ICR is essential for the royalty valuation process.

We are renewing this information collection request because of the possibility of 10 or more respondents in

the future. The MMS has had no respondents for this information collection since the previous renewal; however, we are basing our calculations of the burden hours on 1 respondent, as we did for the previous renewal.

Proprietary information submitted is protected, and there are no questions of

a sensitive nature included in this information collection.

Frequency: Annually.
Estimated Number and Description of Respondents: 1 Indian lessee.
Estimated Annual Reporting and Recordkeeping "Hour" Burden: 4 hours.
 We base our calculations on the reasonable expectation of 2 responses

from 1 Indian lessee. We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-500]

In the Matter of Certain Purple Protective Gloves; Notice of Commission Decision Not To Review an Initial Determination Finding a Violation of Section 337 and That the Domestic Industry Requirement Is Met; Schedule for Written Submissions on Remedy, Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 17) issued by the presiding administrative law judge ("ALJ") finding a violation of section 337 and that the domestic industry requirement has been met in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Michael Diehl, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3095. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's

electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on November 26, 2003, based on a complaint filed by Kimberly-Clark Corporation and Safeskin Corporation (collectively "K-C/Safeskin"). The complaint alleged violations of section 337 of the Tariff Act of 1930 in the importation and sale of certain purple protective gloves by reason of infringement of U.S. Registered Trademark Nos. 2,596,539, 2,533,260, and 2,593,382.

The complaint named seven respondents, six of which have entered into settlement agreements with K-C/Safeskin. On May 24, 2004, the administrative law judge ("ALJ") issued an initial determination (Order No. 15) terminating the investigation as to Latexx Partners Berhad and Medtexx Partners on the basis of a confidential settlement agreement. On June 1, 2004, the ALJ issued another initial determination (Order No. 16), terminating the investigation as to The Delta Group; Delta Hospital Supply, Inc.; Delta Medical Systems, Inc.; and Delta Medical Supply Group, Inc. on the basis of a settlement agreement and a consent order. The Commission determined not to review those initial determinations.

The seventh respondent—Dash Medical Gloves, Inc. ("Dash")—failed to reply to the complaint and notice of investigation. Dash subsequently indicated that it "will not oppose entry of a Default in this matter." On May 24, 2004, the ALJ issued an ID (Order No. 14) finding Dash in default pursuant to Commission rule 210.16(a)(1). The Commission determined not to review the initial determination.

On September 2, 2004, K-C/Safeskin filed a motion pursuant to Commission rule 210.18 for summary determination on the issues of violation of section 337 and the existence of a domestic industry. The motion also sought a general exclusion order. On September 13, 2004, the Commission's Investigative Attorney ("IA") filed a response in support of the motion.

On September 23, 2004, the ALJ issued an initial determination (Order No. 17) finding "substantial, reliable, and probative evidence" of a violation of section 337 by reason of Dash's importation and sale of the accused gloves and the existence of a domestic industry. No party petitioned for review
