

will not factor into the determining scientific merit or the priority scoring. Investigators should seek guidance from their institutions on issues related to institutional policies, and local IRB rules, as well as local, state and federal laws and regulations, including the Privacy Rule.

Further detail on the requirements for addressing data sharing in applications for NCIPC funding may be obtained by contacting NCIPC program staff or by visiting the NCIPC Internet: at http://www.cdc.gov/ncipc/osp/sharing_policy.htm.

VI.3. Reporting

You must provide CDC with an original, plus two hard copies of the following reports:

1. Financial status report, no more than 90 days after the end of the budget period.
2. The final performance report, no more than 90 days after the end of the project period. The final performance report will be a brief summary (2,500 to 4,000 words in length) written in non-scientific [laymen's] terms. The report should highlight the findings and their implications for injury prevention programs, policies, environmental changes, etc. The grant recipient will also include a description of the dissemination plan for research findings. This plan will include publications in peer-reviewed journals and ways in which research findings will be made available to stakeholders outside of academia (e.g., state injury prevention program staff, community groups, public health injury prevention practitioners, and others). CDC will place the summary report and each grant recipient's final report with the

National Technical Information Service (NTIS) to further the agency's efforts to make the information more available and accessible to the public.

These reports must be mailed to the Grants Management Specialist listed in the "Agency Contacts" section of this announcement.
