DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Notice of Availability of a Draft Environmental Impact Report/ Environmental Impact Statement and Receipt of an Application for an Incidental Take Permit for the Coachella Valley Multiple Species Habitat Conservation Plan, Riverside County, CA**

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability and receipt of application.

SUMMARY: The Coachella Valley Association of Governments (CVAG), Coachella Valley Conservation Commission (to be formed prior to a permit decision), County of Riverside, Riverside County Flood Control and Water Conservation District, Riverside County Parks and Open Space District, Riverside County Waste Management District, Coachella Valley Water District, Imperial Irrigation District, California Department of Transportation, California Department of Parks and Recreation, Coachella Valley Mountains Conservancy, and the cities of Cathedral City, Coachella, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, and Rancho Mirage (Applicants) have applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The Service is requesting public comment on the Draft Coachella Valley Multiple Species Habitat Conservation Plan (MSHCP), Draft Implementing Agreement, and Draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS). The Applicants seek a permit to incidentally take 22 animal species and assurances for 5 plant species, including 17 unlisted species should any of them become listed, under the Act during the term of the proposed 75-year permit. The permit is needed to authorize take of listed animal species (including harm, injury, and harassment) during development in the approximately 1.1 million-acre (1,719 square-mile) Plan Area in the Coachella Valley of Riverside County, California.

A Draft Environmental Impact Statement, which is the Federal portion of the Draft EIR/EIS, has been prepared jointly by the Service and CVAG to analyze the impacts of the MSHCP and is also available for public review. The analyses provided in the Draft EIR/EIS are intended to inform the public of the proposed action, alternatives, and associated impacts; address public comments received during the scoping period for the Draft EIR/EIS; disclose the direct, indirect, and cumulative environmental effects of the proposed action and each of the alternatives; and indicate any irreversible commitment of resources that would result from implementation of the proposed action.

The Draft MSHCP also incorporates a Draft Public Use and Trails Plan which includes proposals that address non-motorized recreation activities on Federal and non-Federal lands in the Santa Rosa and San Jacinto Mountains. The Bureau of Land Management (BLM) is a Cooperating Agency in this
