NUCLEAR REGULATORY COMMISSION

Meeting Postponement: USEC American Centrifuge Plant

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Meeting postponement.

SUMMARY: The NRC is postponing the public scoping meeting for the proposed USEC Inc. American Centrifuge Plant that was to be held on November 15, 2004. The original meeting announcement appeared in the **Federal Register** on October 15, 2004 (69 FR 61268).

On October 25, 2004, the NRC initiated an additional security review, by agency experts, of publicly available documents to ensure that potentially sensitive information is removed from the agency Web site. During this review, ADAMS, the NRC's on-line document library, will be temporarily unavailable to the public. This meeting postponement is appropriate to allow members of the public adequate access to USEC Inc.'s license application and environmental report before the scoping meeting. After the documents related to this application are made publically available the NRC will announce a new meeting.

FOR FURTHER INFORMATION CONTACT: For general or technical information associated with the license review of the USEC Inc., application, please contact Yawar Faraz at (301) 415-8113. For general information on the NRC NEPA process, or the environmental review process related to the USEC Inc. application, please contact Matthew Blevins at (301) 415-7684.

Signed in Rockville, MD, this 2nd day of November, 2004.

For the Nuclear Regulatory Commission.

B. Jennifer Davis,

Chief, Environmental and Low-Level Waste Section, Division of Waste Management and Environmental Protection, Office of Nuclear Material Safety and Safeguards.

PENSION BENEFIT GUARANTY CORPORATION

Submission of Information Collection for OMB Review; Comment Request; Survey of Frozen Defined Benefit Pension Plans

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of request for OMB approval.

SUMMARY: The Pension Benefit Guaranty Corporation ("PBGC") is requesting that the Office of Management and Budget ("OMB") approve a new collection of information under the Paperwork Reduction Act. The purpose of the information collection, which will be conducted via a mail survey, is to help the PBGC assess the extent to which the plans it insures have been frozen, the intentions of the plans' sponsors regarding those frozen plans, and the extent to which plan sponsors are considering freezing plans that are not frozen. This notice informs the public of the PBGC's request and solicits public comment on the collection of information.

DATES: Comments should be submitted by December 8, 2004.

ADDRESSES: Comments should be mailed to the Office of Information and Regulatory Affairs of the Office of Management and Budget, Attention: Desk Officer for Pension Benefit Guaranty Corporation, Washington, DC 20503.

Copies of the request (including the collection of information) may be obtained by writing to the PBGC's Communications and Public Affairs Department, suite 240, 1200 K Street, NW., Washington, DC 20005-4026, or by visiting that office or calling 202-326-4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4040.)

FOR FURTHER INFORMATION CONTACT: James L. Beller, Attorney, Office of the General Counsel, PBGC, 1200 K Street, NW., Washington, DC 20005-4026; 202-326-4024. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC is requesting that OMB approve a mail survey designed to gather information about frozen defined benefit plans. Findings about these plans' characteristics, sponsor rationales for freezing these plans, sponsor intentions to either terminate or unfreeze these plans, and sponsor intentions to freeze plans that are not frozen will allow the PBGC to better forecast future trends in the plans it insures. In addition, the Government Accountability Office has recommended that the PBGC "conduct a pilot study to identify frozen [defined benefit] plans it insures and assess the usefulness of information on the characteristics and consequences of plan freezes." This collection of information would address that recommendation.
