Included in the CCNCA are 75,550 acres of wilderness designated as the Black Ridge Canyons Wilderness. At the western boundary of the CCNCA, 5,200 acres stretch into eastern Utah.

The approved Colorado Canyons NCA RMP is essentially the same as the Proposed Colorado Canyons NCA RMP/Final Environmental Impact Statement (PRMP/FEIS), published on August 6, 2004. No inconsistencies with State or local plans, policies, or programs were identified during the Governor's consistency review of the PRMP/FEIS. There were no protests. As a result, only minor editorial modifications were made in preparing the RMP/ROD.

- An errata sheet is included with the RMP/ROD that identifies the location of the corrections in the PRMP/FEIS.

Manager, Colorado Canyons National Conservation Area.
