

development would also include parking facilities for approximately 8,500 vehicles for patrons and employees, and an RV park with approximately 200 RV spaces.

The 151.87± acres encompass nine contiguous tax lots in Clark County, Washington, near Ridgfield and La Center, Washington. The project site is located along NW. 319th Street between NW. 41st Avenue and NW. 31st Avenue, and adjacent to Interstate 5 at the NW. 319th Street interchange.

The proposed action encompasses the various federal approvals which would be required to implement the Tribe's efforts to establish a tribal land base, including approval of the Tribe's fee-to-trust application, approval of the Tribe's gaming management contract and approval of the Tribe's request for a reservation proclamation.

Areas of environmental concern identified so far for analysis in the EIS include land resources, water resources, air quality, living resources, cultural resources, socioeconomic conditions, traffic and transportation, land use, public utilities and services, noise, lighting, hazardous materials, environmental justice, and visual resources/aesthetics. The range of issues and alternatives to be addressed in the EIS may be expanded or reduced, based on comments received in response to this notice and at the public scoping meeting.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the BIA address shown in the **ADDRESSES** section, during business hours, 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish us to withhold your name and/or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by the law. We will not, however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Authority

This notice is published in accordance with section 1503.1 of the Council on Environmental Quality Regulations (40 CFR parts 1500 through 1508) implementing the procedural

requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4371 *et seq.*), and the Department of the Interior Manual (516 DM 1–6), and is in the exercise of authority delegated to the Principal Deputy Assistant Secretary—Indian Affairs by 209 DM 8.1.

Michael D. Olsen,

Acting Principal Deputy Assistant Secretary—Indian Affairs.

Emergency Closure and Restriction Order

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) is imposing a closure on approximately 440 acres of public land to recreational shooting. The emergency closure will remain in place until December 31, 2004. The use of firearms will continue to be allowed for hunting consistent with California Department of Fish and Game regulations and seasons. Specifically, this closure will apply to BLM managed lands located in Aguanga Valley, California, south of Highway 79 along what is known locally as the High Point Road.

FOR FURTHER INFORMATION CONTACT: Bruce Shaffer, Acting Field Manager, 690 West Garnet Avenue, North Palm Springs, CA 92258, telephone (760) 251–4800 or Janaye Byergo, Resource Management Specialist, (858) 451–1767.

SUPPLEMENTARY INFORMATION: The closure will be in concert with a closure imposed on contiguous U.S. Forest Service (USFS) lands. The High Point area attracts users from three counties in southern California—Riverside, Orange, and San Diego. The BLM and USFS have become aware through public complaints that the recreational shooting at High Point is causing an immediate threat to public safety. A highway, residences, and an RV resort are all within two miles of the shooting area. Cross-shooting is occurring from the different shooting sites, and stray and ricocheting bullets are striking homes and out buildings of the nearby private residents. Shooters are firing a wide variety of calibers: handguns—.50, .44, .38, 9 mm, .357; rifles—7 mm

magnum, .308, 30.06, 7.62, .22. Some rounds are carrying up to two miles and more in distance. The BLM recognizes that recreational target shooting is a valid use of public lands, and seeks to balance this with the need to provide for public safety.

During the emergency closure, BLM will be taking steps to implement a permanent closure of the area to recreational shooting. This closure is in accordance with provisions of the Federal Land Policy and Management Act of 1976 (Pub. L. 94–579, 90 stat. 2743, 43 U.S.C. 1701) and Title 43, Subpart 8364.1 of the U.S. Code of Federal Regulation (CFR). Maximum penalties are \$1000.00 fine and/or 12 months in prison.

This order affects public lands in San Diego County, California, thus described:

San Bernardino Meridian

Notice of Availability of the King Range National Conservation Area Proposed Resource Management Plan and Final Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) has prepared a Proposed Resource Management Plan (RMP) and associated Final Environmental Impact Statement (EIS) for the King Range National Conservation Area (NCA) located in Humboldt and Mendocino Counties, California. The Proposed RMP and Final EIS have been prepared in accordance with the National Environmental Policy Act of 1969, and under authority of the Federal Land Policy and Management Act of 1976, the King Range Act of 1970 (Pub. L. 91–476), and BLM policies. The Proposed RMP was developed with broad public participation beginning with scoping meetings in November
