Granville Hosiery, Inc. Oxford, NC; Notice of Revised Determination on Reconsideration

By letter dated September 24, 2004 a company official requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination signed on August 26, 2004 was based on the finding that imports of men's, women's, and children's socks did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source occurred. To support the request for reconsideration, the company official supplied additional information. Upon further review of the initial investigation and contact with subject firm's largest customers, it was revealed that subject firm customers significantly increased their import purchases of socks while decreasing its purchases from the subject firm during the relevant period.

It was further revealed that U.S. aggregate imports of socks increased significantly, while aggregate domestic production of socks decreased during the relevant period.
