

certificated maximum seating capacity of 76 or less.

The commuter slots available during the lottery previously were allocated to carriers to provide Essential Air Service and subsequently withdrawn by the FAA for nonuse. (Under 14 CFR 93.227, if slots are not used 80 percent of the time over a two-month reporting period, the slots will be withdrawn.)

A total of six daily commuter slots are available during this lottery. One commuter slot is available in each the 0700 and 0900 hours and two commuter slots are available in each the 1400 and 1900 hours.

Special Procedures

By Order 2004-9-22 issued September 23, 2004, the Office of the Secretary of Transportation directed the FAA to hold a slot lottery for six available commuter slots at Reagan National that had been reserved for Essential Air Service for Clarksburg, Morgantown, and/ or Lewisburg, West Virginia, subject to the conditions described in the order. In summary, the Order provides that the slots may be used to provide service to points other than the above West Virginia communities unless a carrier subsequently requests slots to serve the Reagan National-Clarksburg, Morgantown, and/or Lewisburg markets with specific dates a viable proposal. Under that scenario, the Office of the Secretary would review the proposal and then direct the FAA to recall the reserved Essential Air Service slots that had been allocated by this lottery. The complete text of the Order is available via the Internet at <http://dms.dot.gov> in Docket OST-2003-15886.
