Withdrawal of Direct Final Rule for the Household Water Well System Grant Program

AGENCY: Rural Utilities Service, USDA.

ACTION: Withdrawal of direct final rule.

SUMMARY: The Rural Utilities Service (RUS) is withdrawing the direct final rule for the Household Water Well System Grant Program that was published on October 6, 2004 (69 FR 59764). RUS stated in the direct final rule that if it received adverse comment by November 5, 2004, the agency would publish a timely notice of withdrawal in the **Federal Register**. RUS subsequently received adverse comments and, therefore, is withdrawing the direct final rule. RUS will address those comments in a subsequent final action based on the parallel proposal also published on October 6, 2004 (69 FR 59836). As stated in the parallel proposal, RUS will not institute a second comment period on this action.

DATES: Effective Date: The direct final rule published on October 6, 2004, at 69 FR 59764 is withdrawn as of November 17, 2004.

FOR FURTHER INFORMATION CONTACT: Cheryl Francis, Loan Specialist, Water Programs Division, Rural Utilities Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Room 2239-S, Stop 1570, Washington, DC 20250-1570. Telephone (202) 720-1937. E-Mail: Cheryl.Francis@usda.gov.

SUPPLEMENTARY INFORMATION: RUS published a direct final rule on October 6, 2004, to issue regulations to establish the Household Water System Program as authorized by section 306E of the

Consolidated Farm and Rural Development Act (CONACT). The direct final rule was to establish a lending program for the construction, refurbishing, and servicing of individually-owned household water well systems in rural areas that are or will be owned by the eligible individuals. In addition, the rule outlined the process by which applicants could apply for the program and how RUS would administer the grant program.

RUS published a companion proposed rule on the same day as the direct final rule. The proposed rule invited comment on the substance of the direct final rule. The proposed rule stated that if RUS received adverse comment by November 5, 2004, the direct final rule would not take effect, and RUS would withdraw the direct final rule before the November 22, 2004, effective date. RUS subsequently received adverse comments on the direct final rule. RUS plans to address those comments in a subsequent action. Today's action withdraws the direct final rule. The regulations addressing the Household Water Well System Grant Program will not take effect on November 22, 2004.

21 CFR Part 558

New Animal Drugs for Use in Animal Feeds; Decoquinat; Technical Amendment

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule, technical amendment.

SUMMARY: The Food and Drug Administration (FDA) is amending its animal drug regulations to more accurately describe the approved feeding instructions for decoquinat Type C medicated feeds for cattle and calves, including nonruminating veal calves, and for young sheep and young goats. This action is being made to improve the accuracy of the regulations. **DATES:** This rule is effective November 17, 2004.

FOR FURTHER INFORMATION CONTACT: George K. Haibel, Center for Veterinary Medicine (HFV 6), Food and Drug Administration, 7519 Standish Pl., Rockville, MD 20855, 301-827-4567, e-mail: george.haibel@fda.gov.

SUPPLEMENTARY INFORMATION: FDA has found that the April 1, 2004, edition of the Code of Federal Regulations part 500 to 599 (21 CFR 500 to 599) does not reflect the feeding instructions for decoquinat in Type C medicated feeds for cattle and calves, including nonruminating veal calves, and for young sheep and young goats approved under NADA 39-417 (67 FR 72370, December 5, 2002). At this time, FDA is amending the regulations to correct this error in § 558.195. An inaccurate and unnecessary description of a Type B medicated feed is also being removed. These changes are being made to improve the accuracy of the regulations.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.
