

Once autoquote resumes, the bid will automatically change to 20.21 for 1,000 shares, the limit price and the size of the residual. The offer remains 20.22 for 1,500 shares.

26. Gap Quote.

The quotation is 20.08 bid, offered at 20.09, 10,000 × 5,000, last sale at 20.08. Crowd interest arrives to buy 350,000 shares at the market. The specialist executes 5,000 shares at the offer, 20.09, then gaps the quote, making the bid price "touch" the last sale price (20.09), showing the size of the imbalance in that bid (345,000 shares). On the contra side, the specialist makes the offer the price where stock may trade if no other sell interest arrives, and the size as 100 shares, to draw in sellers. Thus, e.g., the gap quote⁴⁸ is 20.09 bid, offered at 20.30, 345,000 × 100. Automatic executions and autoquote are suspended, but incoming orders and cancellations are reflected electronically on the book. Crowd, specialist interest and other liquidity providers are taken into account in determining the price and size of the next transaction. Automatic executions and autoquote then resume.

27. Tick-restricted Orders.

(a) The quotation is 20.05 bid, offered at 20.07, 1,500 × 1,000. Other orders on the book to sell include 1,000 at 20.09 (sell short), and 1,000 at 20.11 (sell plus). An NX market order to buy 2,500 shares arrives. 1,000 shares of the buy order are automatically executed against the 1,000 shares offered at 20.07. The remaining 1,500 shares to buy sweep up to 20.11. The sell short and sell plus orders are executable as the sweep occurs on a direct plus tick. As a result, the 20.09 sell short offer on the book is price improved to 20.11.

(b) The quotation is 20.05 bid, offered at 20.07, 1,500 × 1,000. Also on the book to buy are 1,000 shares (buy minus) at 20.04, 1,000 shares to buy at 20.03 and 1,500 shares to buy at 20.01. An NX order to sell 3,000 shares arrives, automatically executing 1,500 shares against the bid at 20.05, sweeping down to 20.03. The 1,000 share bid at 20.04 was executable as the sweep occurred on a minus tick.

(c) The quotation is 20.05 bid, offered at 20.07, 1,500 × 1,000. Also on the book to buy are 1,000 shares at 20.04, 1,000 shares to buy at 20.03, and 1,500 shares to buy at 20.01. The last sale is at 20.04. An NX order to sell short 3,000 shares arrives. The security in question is not part of the Regulation SHO pilot.⁴⁹ 1,500 shares automatically execute at 20.05. The residual, 1,500, cannot sweep the

The gapped quote procedures provide that a gapped quotation should remain in place for a reasonable time to allow for interested parties to respond to the order imbalance. What constitutes a reasonable time is determined by the unique circumstances of each gapped quotation situation. However, the gapped quotation generally should last at least 30 seconds unless offsetting interest is received earlier, and generally should not exceed two minutes, unless circumstances require otherwise. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

As part of its continuing efforts to enhance participation on the Archipelago Exchange ("ArcaEx") facility, the PCX is proposing to amend PCXE Rule 7.31(ff) to clarify that the Cross-and-Post Order type may be applied to the PNP (Post No Preference) Cross Order type.⁷

Currently, PCXE Rule 7.31(ff) states that the Cross-and-Post Order functionality is limited to Cross Orders defined in PCXE Rule 7.31(s).⁸ PCXE Rule 7.31(s) defines the basic ArcaEx Cross Order. Because the ArcaEx rulebook now includes cross order types defined in other paragraphs of PCXE Rule 7.31, the Exchange proposes to clarify PCXE Rule 7.31(ff) so that the Cross-and-Post functionality will be understood to be available for PNP Cross Orders. Accordingly, the Exchange proposes to delete the reference to PCXE Rule 7.31(s) in the current PCXE Rule 7.31(ff) text. In addition, minor changes are proposed for PCXE Rule 7.31(s) to make clear that any unexecuted portion of a basic Cross Order is cancelled.

Further, the Exchange proposes to amend PCXE Rule 7.31(bb), which defines the PNP Cross Order, and PCXE Rule 7.31(ff) to clarify that the Cross and Post functionality will be available for PNP Cross Orders. Currently, the unexecuted portion of any PNP Cross Order cancels as described in PCXE Rule 7.31(bb). The proposed rule change specifies that when Cross and Post functionality is applied to a PNP Cross

Order, any unexecuted portion of the PNP Cross will post to the Arca Book if certain pricing conditions provided in the existing rule are met.⁹ The Exchange believes that implementing these changes will provide investors and ETP Holders¹⁰ with greater opportunities for executing orders with the Cross-and-Post functionality.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹² in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principals of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

PCX has designated that the proposed rule change as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act¹³ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁴ The Exchange has stated that the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of

investors and the public interest.¹⁵ Therefore, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6) thereunder.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that the action is necessary or appropriate in the public interest, for the protection of investors, or would otherwise further the purposes of the Act.¹⁸

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the

¹⁵ Rule 19b-4(f)(6)(iii) under the Act also requires that a self-regulatory organization provide the Commission with written notice of its intent to file a proposed rule change, along with a brief description and text of the proposed rule change, at least five days prior to the date of filing the proposed rule change.
