

information collection in Part 4130, both form and non-form.

5 CFR 1320.12(a) requires that we provide a 60-day notice in the **Federal Register** concerning a collection of information to solicit comments on:

(1) Whether the collection information of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(2) The accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(3) Ways to enhance the quality, utility, and clarity of the information collected; and respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The Taylor Grazing Act of 1934 (43 U.S.C. 315, 315a through 315r) and the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 *et seq.*) authorize the Bureau of Land Management (BLM) to administer the livestock grazing program consistent

with land use plans, multiple use objectives, sustained yield, environmental values, economic considerations, and other factors. BLM must maintain accurate records on:

(1) Permittee and lessee qualifications for a grazing permit or lease;

(2) Base property used in conjunction with public lands; and

(3) The actual use made by livestock authorized to graze on the public lands.

**Form 4130-1, Grazing Schedule**

BLM uses the required information on this form to adjudicate conflicting requests for grazing use, determine legal qualifications of applicants, issue permits, and document transfers.

**Form 4130-1a, Grazing Application—Preference Summary**

BLM uses from 4130-1a to verify and confirm information BLM needs to effectuate a grazing preference transfer.

**Form 4130-1b, Grazing Application (Supplemental Information)**

BLM uses the required information on this form to certify an applicant's

qualifications for a grazing permit or lease and to provide other information necessary for the administration of the grazing permit or lease.

**Form 4130-3a, Automated Grazing Application**

BLM uses the required information on this form to approve changes of grazing use within the terms and conditions of permits or leases.

**Form 4130-4, Exchange of Use Grazing Agreement**

BLM uses this form to exchange grazing of livestock on private lands during certain periods.

**Form 4130-5, Actual Grazing Use Report**

BLM uses the required information to determine if we need to adjust the amount of grazing use or if other management actions are needed. This form enables us to calculate billings and to monitor and evaluate livestock grazing use on the public lands.

The burden estimates for each form are listed as follows:

Forms	4130-1	4130-1a	4130-1b	4130-3a	4130-4	4130-5
