

With respect to export-price sales for which entered values were not reported, for these preliminary results we divided the total dumping margins for each exporter's importer/customer by the total number of units the exporter sold to that importer/customer. For assessment amounts calculated on this basis, we will direct CBP to assess the resulting per-unit dollar amount against each unit of merchandise in each of that importer's/customer's entries during the review period.

#### Cash Deposit Requirements

The following cash deposit rates will be effective upon publication of the final results for all shipments of hot-rolled steel from Romania entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) for Ispat Sidex, which has a separate rate, the cash deposit rate will be the company-specific rate established in the final results of review; (2) for all other Romanian exporters, the cash deposit rate will be the Romania-wide rate, 88.62 percent, from the *Amended Determination and Order*; (3) for non-Romanian exporters of subject merchandise from Romania, the cash deposit rate will be the rate applicable to the Romanian supplier of that exporter. These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 29, 2004.

#### Petroleum Wax Candles From the People's Republic of China; Extension of Final Results of Expedited Sunset Review of Antidumping Duty Order

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce ("the Department") is extending the time limit for its final results in the sunset review of the antidumping duty order on petroleum wax candles from the People's Republic of China. Based on adequate responses from the domestic interested parties and an inadequate response from respondent interested parties, the Department is conducting an expedited sunset review to determine whether revocation of the antidumping order would lead to the continuation or recurrence of dumping. As a result of this extension, the Department intends to issue final results of this expedited sunset review on or about December 10, 2004.

**EFFECTIVE DATES:** December 7, 2004.

**FOR FURTHER INFORMATION CONTACT:** Hilary E. Sadler, Esq., Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340.

*Extension of Final Results:* In accordance with section 751(c)(5)(B), the Department may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated. As set forth in 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order, as is the case in this proceeding. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(v) of the Act, that the second sunset review of the antidumping duty order on petroleum wax candles from the People's Republic of China is extraordinarily complicated and requires additional time to complete its analysis. The Department's final results of review in this case were scheduled for November 30, 2004. The Department will extend the deadline in this proceeding and, as a result, intends to issue the final results on or about December 10, 2004 in accordance with section 751(c)(5)(B).

Dated: November 30, 2004.
