

10, 2004, at the U.S. Small Business Administration, 100 South Biscayne Blvd. 7th fl. Rm. 100, Miami, FL 33131. The purpose of the meeting is to determine what Civil Rights issues will be reviewed as a project.

Persons desiring additional information, or planning a presentation to the Committee, should contact Ivy Davis, Chief of the Regional Programs Coordination Unit, (202) 376-7700 (TDD 202-376-8116). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least ten (10) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, December 2, 2004.

Ivy L. Davis,

Chief, Regional Programs Coordination Unit.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 55-2004]

Foreign-Trade Zone 81—Portsmouth, NH, Application for Subzone Status, Millipore Corporation (Polyvinylidene Fluoride Filtering Devices), Jaffrey, NH

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Pease Development Authority (formerly the New Hampshire State Port Authority), grantee of FTZ 81, requesting special-purpose subzone status for the polyvinylidene fluoride filtering device manufacturing plant of Millipore Corporation (Millipore), located in Jaffrey, New Hampshire. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on November 30, 2004.

The Millipore facility (52 acres/176,000 sq.ft.) is located at 11 Prescott Road in Jaffrey (Cheshire County), New Hampshire. The facility (430 employees) is used to produce polyvinylidene fluoride membrane filtering devices (classified under HTSUS 8421.21, 8421.22, 8421.29, 8421.39.80, 8421.99) under the Durapore® brand for export and the domestic market. The finished filtering devices include centrifugals, capsule filters, pressure/vacuum cartridge filters, tangential flow devices,

cassettes, and stacked, cut-disc membrane filters used in the pharmaceutical, electronics, and food/beverage industries. The manufacturing process at the facility involves injection molding, lamination, pleating, trimming, assembly, finishing, testing, and warehousing. The plant has capacity to produce between 500,000 to 900,000 Durapore® filtration devices annually. The foreign-sourced material input to be used in the manufacture of the Durapore® products is polyvinylidene fluoride (PVDF) membrane (classified under HTSUS 3921.19.00, 6.5%), which represents between 70 to 98 percent of finished product material value.

FTZ procedures would exempt Millipore from Customs duty payments on the foreign-origin PVDF used in export production. On its domestic shipment and exports to NAFTA markets, the company would be able to elect the duty rate that applies to finished Durapore® filters (duty free) for the foreign PVDF membrane shipped from the plant as part of the filtration products. Duties would be deferred or reduced on foreign production equipment admitted to the proposed subzone until which time it becomes operational. The application indicates that subzone status would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB-4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is February 7, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 22, 2005).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No. 1 listed above and at the Commerce

Department's Export Assistance Center, 17 New Hampshire Avenue, Portsmouth, NH 03801.

Dated: November 30, 2004.

Dennis Puccinelli,

Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[FTZ Dockets 54(1)-54(5)-2004]

Requests for Extension of Authority (Crude Oil Refineries/Petrochemical Complexes)

Requests have been submitted to the Foreign-Trade Zones Board (the Board) by the following grantees, pursuant to § 400.32(b)(1) of the Board's regulations, for a time extension of their authority to elect non-privileged foreign status (NPF) on crude oil used in the production of certain petrochemical feedstocks and refinery by-products at the crude oil refineries/petrochemical complexes of the companies listed below. The requests were formally filed on November 30, 2004.

The FTZ Board has authorized 81 refineries/petrochemical complexes to conduct crude oil/petrochemical product refining activity under FTZ procedures. Fifty-eight of these subzones were approved with an indefinite extension of NPF status on August 24, 2000 (Board Order 1116, 65 FR 52696, 8/30/2000). Such authority involves full access to FTZ procedures for export activity and, with regard to products sold in the U.S., the option to choose NPF status (NPF option) for certain petrochemical feedstocks and refinery by-products. The extension case involved a comprehensive assessment of zone use by the 58 refineries considering their economic and regulatory circumstances. Since then, twelve new refinery subzones have been approved with indefinite NPF authority.

The five refinery/petrochemical subzones listed below were not included in the August 2000 action because their cases were pending during that review and they received approval subject to the following restrictions:

1. Foreign status (19 CFR 146.41, 146.42) products consumed as fuel for the refinery shall be subject to the applicable duty rate.

2. Privileged foreign status (19 CFR 146.41) shall be elected on all foreign merchandise admitted to the subzone, except that non-privileged foreign (NPF) status (19 CFR 146.42) may be elected

on refinery inputs covered under HTSUS Subheadings 2709.00.10, 2709.00.20, 2710.11.25, 2710.11.45, 2710.19.05, 2710.19.10, 2710.19.45, 2710.91.00, 2710.99.05, 2710.99.10, 2710.99.16, 2710.99.21 and 2710.99.45 which are used in the production of:

- certain petrochemical feedstocks and refinery by-products;
- products for export;
- and, products eligible for entry under HTSUS Subheadings 9808.00.30 and 9808.00.40 (U.S. Government purchases).

3. The authority with regard to the NPF option is initially granted until September 30, 2005, subject to extension.

The zone grantees on behalf of the refining/petrochemical facilities listed below are now requesting that the authority for the NPF option (Condition 3) be extended.

The refineries/petrochemical complexes produce fuels and petrochemical feedstocks from crude oil and other inputs, such as naphtha and

natural gas condensate. Fuel products include gasoline, jet fuel, distillates, residual fuels, and motor fuel blendstocks. Petrochemical feedstocks and refinery by-products produced under zone procedures (NPF option) have included: benzene, toluene, xylene, naphthalene, natural gas—liquified & gaseous, ethane, propane, butane, ethylene, propylene, butylene, butadiene, paraffin waxes & petroleum jelly, carbon black oil, petroleum coke, asphalt, sulfur, sulfuric acid, cumene, pseudocumene, n-pentane and isopentane, isoprene, dicyclopentadiene, styrene, other aromatic hydrocarbon mixtures, mixtures of hydrocarbons not elsewhere specified, and certain other saturated and unsaturated acyclic and cyclic hydrocarbons. (Although the refining/petrochemical plants vary in their petroleum product slate, the review would generally include the full range of products listed above for all refineries.)

Zone procedures exempt the refineries from Customs duty payments on the foreign products used in exports. On domestic sales, the NPF option allows the companies to choose the Customs duty rates that apply to certain petrochemical feedstocks and refinery by-products (HTSUS duty rates for most of these products are zero) by admitting incoming foreign crude oil and natural gas condensate in non-privileged foreign status. Such petrochemicals and by-products account for about 25 to 30 percent of refinery activity, on average. The duty rates on inputs range from 5.25¢/barrel to 10.5¢/barrel. Duties on inputs used to make fuel products (motor gasoline, jet fuel, blendstocks), which constitute some 70 to 75 percent of production, will continue to be dutiable at the crude oil rate. The applications indicate that the continuation of authority to elect non-privileged foreign status will contribute to the refineries' international competitiveness.

Board order	Subzone	Company	Location	Docket No.
Grantee: Port of Long Beach, California				
1050	50G	Shell Oil Products U.S.	Los Angeles, CA	Doc. 54(1)–04
Grantee: Port of Corpus Christi Authority				
1086	122N	Equistar Chemicals, LP	Nueces Co., TX	Doc. 54(2)–04
Grantee: Port of Freeport, Texas				
1087	149F	Equistar Chemicals, LP	Brazoria Co., TX	Doc. 54(3)–04
1088	149G	Dow Chemical Company	Brazoria Co., TX	Doc. 54(3)–04
Grantee: Board of Harbor Commissioners of the City of Los Angeles				
1032	202C	ConocoPhillips Company	Los Angeles, CA	Fov. 54(5)–04

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the requests and report to the Board.

Public comment on these proposals is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is February 7, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 22, 2005).

Copies of the requests will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above.

Dated: December 2, 2004.

Dennis Puccinelli,

Executive Secretary.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–893]

Notice of Final Determination of Sales at Less Than Fair Value: Certain Frozen and Canned Warmwater Shrimp From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 8, 2004.

FOR FURTHER INFORMATION CONTACT: Alex Villanueva, AD/CVD Operations, Office

IX, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3208.

Final Determination

We determine that certain frozen and canned warmwater shrimp from the People's Republic of China ("PRC") is being, or is likely to be, sold in the United States at less than fair value ("LTFV") as provided in section 735 of Tariff Act of 1930, as amended ("the Act"). The estimated margins of sales at LTFV are shown in the "Final Determination Margins" section of this notice.

SUMMARY: On July 16, 2004, the Department of Commerce published its preliminary determination of sales at LTFV, partial affirmative preliminary determination of critical circumstances and postponement of the final determination in the antidumping investigation of certain frozen and canned warmwater shrimp from the PRC. On September 1, 2004, the Department of Commerce published an
