

Internet. The *Second Report and Order* also denied a request by G.E. Interlogix to allow security system setup transmissions of greater duration than the five second limit currently in § 15.231(a) of the rules. A Final Regulatory Flexibility Analysis was incorporated in the *Second Report and Order*.<sup>5</sup> Following publication of the *Second Report and Order*, Cisco and ITI filed their petitions seeking to allow the compliance information statement for equipment authorized under the DoC procedure to be provided in alternative forms. G.E. Interlogix filed a petition requesting that the Commission reconsider its denial of G.E. Interlogix's request to permit longer duration transmissions during the setup of security systems. In the *Memorandum Opinion and Order* we are amending the rules to allow DoC compliance information statements to be included in alternative forms and to allow longer duration setup transmissions for security systems.

14. These amendments to the rules will affect manufacturers of radio frequency devices that are authorized under the DoC procedure and manufacturers of security systems, and it is the Commission's belief that many of these manufacturers are small businesses. The changes in the *Memorandum Opinion and Order* are deregulatory in nature because they eliminate the need for manufacturers to supply paper statements with equipment subject to DoC and allow greater flexibility in the setup of security systems. For this reason, these changes will not result in a "significant economic burden" on manufacturers. Therefore, we certify that the amendments included in the *Memorandum Opinion and Order* will not have a significant economic impact on a substantial number of small entities.

15. The Commission will send a copy of the *Memorandum Opinion and Order*, including a copy of this final certification, in a report to Congress pursuant to the Small Business Regulatory Enforcement Fairness Act of 1996.<sup>6</sup> In addition, the *Memorandum Opinion and Order* and this certification will be sent to the Chief Counsel for Advocacy of the Small Business Administration.
