After the ROD was issued, Interior determined that a Federal Advisory Committees Act (FACA) charter was required for this group. The charter was signed by Secretary of the Interior, Gale Norton, on August 15, 2002, and renewed on August 13, 2004. An

At their second business meeting, the PAWG established seven resource-or activity-specific Task Groups, including one for Water Resources. Public participation on the Task Groups was solicited through the media, letters, and word-of-mouth. The agenda for this meeting will include information gathering and discussion related to developing a water resources monitoring plan to assess the impacts of development in the Pinedale Anticline gas field, and identifying who will do and who will pay for the monitoring. Task Group recommendations are due to the PAWG in February, 2005. At a minimum, public comments will be heard just prior to adjournment of the meeting.
