Civil Monetary Penalties; Adjustment for Inflation

AGENCY: Office of the Secretary, Commerce.

ACTION: Final rule.

SUMMARY: This final rule is being issued to adjust each civil monetary penalty provided by law within the jurisdiction of the Department of Commerce (the Department). The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996, required the head of each agency to adjust its civil monetary penalties (CMP) for inflation no later than October 23, 1996, and requires them to make adjustments at least once every four years thereafter. These inflation adjustments will apply only to violations that occur after the effective date of this rule.

DATES: This rule is effective December 14, 2004.

ADDRESSES: Office of General Counsel, Department of Commerce, 14th and Constitution Avenue, MS 5876, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT:

Peter Robbins, 202-482-0846

SUPPLEMENTARY INFORMATION:

The Federal Civil Penalties Inflation Adjustment Act of 1990 (Public Law 101-410) provided for the regular evaluation of CMPs to ensure that they continued to maintain their deterrent value and that penalty amounts due to the Federal Government were properly accounted for and collected. On April 26, 1996, the Federal Civil Penalties Inflation Adjustment Act of 1990 was amended by the Debt Collection Improvement Act of 1996 (Public Law 104-134) to require each agency to issue regulations to adjust its CMPs for inflation at least every four years. The amendment further provided that any resulting increases in a CMP due to the inflation adjustment should apply only to the violations that occur subsequent to the date of the publication in the **Federal Register** of the increased amount of the CMP. The first inflation adjustment of any penalty shall not exceed ten percent of such penalty.

On October 24, 1996, and again on November 1, 2000, the Department published in the **Federal Register** a schedule of CMP adjusted for inflation as required by law. By this publication CMPs are again being adjusted for inflation as prescribed by law.

A civil monetary penalty is defined as any penalty, fine, or other sanction that:

1. Is for a specific monetary amount as provided by Federal law, or has a maximum amount provided for by Federal law; and,
2. Is assessed or enforced by an agency pursuant to Federal law; and,
3. Is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal courts.

This regulation adjusts the civil penalties that are established by law and assessed or enforced by the Department.

The actual penalty assessed for a particular violation is dependent upon a variety of factors. For example, The National Oceanic and Atmospheric Administration (NOAA) Civil Administrative Penalty Schedule (the Schedule), a compilation of internal guidelines that are used when assessing penalties for violations for most of the statutes NOAA enforces, will be interpreted in a manner consistent with this regulation to maintain the deterrent effect of the penalties recommended therein. The penalty ranges in the Schedule are intended to aid enforcement attorneys in determining the appropriate penalty to assess for a particular violation. Pursuant to the notice published in the **Federal Register** (59 FR 19160, April 22, 1994), the

Schedule is maintained and made available for inspection by the public at specific locations.

The inflation adjustment was determined pursuant to the methodology prescribed by Public Law 101-410, which requires the maximum CMP, or the minimum and maximum CMP, as applicable, to be increased by the cost-of-living adjustment. The term "cost-of-living adjustment" was defined in Public Law 104-34 to mean the percentage for each CMP by which the Consumer Price Index (CPI) for June of the calendar year preceding the adjustment exceeds the CPI for the month of June of the calendar year in which the amount of such CMP was last set or adjusted pursuant to law. For the purpose of computing the inflation adjustments, the CPI for June of the calendar year preceding the adjustment means the CPI for June of 2003.

Public Law 101-410 requires each rounded increase to be added to the minimum or maximum penalty amount being adjusted, and the total is the amount of such penalty, as adjusted, subject to the ten percent limitation provided by Public Law 104-134 for the first adjustments.

Rulemaking Requirements

It has been determined that this rule is not significant for purposes of Executive Order 12866.

The Department for good cause finds that notice and opportunity for comment is unnecessary for this rulemaking pursuant to 5 U.S.C. 553(b)(B). It is unnecessary to ask for notice and comment because the Debt Collection Improvement Act of 1996 (the Act) required the head of each agency to adjust its civil monetary penalties no later than October 23, 1996, and at least every four years thereafter, and the Federal Civil Monetary Penalty Inflation Adjustment Act of 1990, as amended by the Act, states how to calculate the inflation adjustment, making such adjustments wholly non-discretionary. This rule merely adjusts the Department's CMP according to the statutory requirements. For the same reasons, there exists good cause to waive the thirty day delay in effectiveness of the rule, pursuant to 5 U.S.C. 553(d)(3).

Because notice and opportunity for comment are not required by 5 U.S.C. 553, or any other law, a Regulatory Flexibility Analysis is not required and none was prepared. This rule does not contain information collection requirements for purposes of the Paperwork Reduction Act.
