Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection

AGENCY: Office of Surface Mining Reclamation and Enforcement. ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request approval for the collections of information under 30 CFR parts 750 and 877 which relate to surface coal mining and reclamation operations on Indian Lands; and use of police power, if necessary, to effect entry upon private lands to conduct reclamation activities or exploratory studies if the landowner refuses consent or is not available, respectively.

DATES: Comments on the proposed information collection must be received by February 22, 2005, to be assured of consideration.

ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW., Room

Notice Pursuant to the National Cooperative Research and Production Act of 1993—International Electrotechnical Commission Technical Committee 37

Notice is hereby given that, on September 17, 2004, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. (“the Act”), International Electrotechnical Commission Technical Committee 37 (“IEC TC 37”), by its Secretariat, National Electrical Manufacturers Association (“NEMA”), has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: International Electrotechnical Commission Technical Committee 37, Rosslyn, VA. The nature and scope of IEC TC 37’s standards development activities are: to develop and maintain standards related to surge arresters. IEC TC 37 currently maintains a series of IEC 60099 standards dealing with general requirements for surge arresters. The standards developed by IEC TC 37 are published by NEMA.

Dorothy B. Fountain,
Deputy Director of Operations, Antitrust Division.

DEPARTMENT OF JUSTICE

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—American Association of Blood Banks

Notice is hereby given that, on September 15, 2004, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. (“the Act”), American Association of Blood Banks (“AABB”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: American Association of Blood Banks, Bethesda, MD. The nature and scope of AABB’s standards development activities are: The development of standards for voluntary compliance, and accreditation against those standards, in the areas of whole blood and blood component collection, processing and transfusion; the collection, processing and transplantation of marrow, peripheral blood and umbilical cord blood progenitor cells; tissue transplantation, and parentage testing.

Dorothy B. Fountain,
Deputy Director of Operations, Antitrust Division.
