Estimated Total Annual Non-hour Respondent Cost Burden: \$8,397. There are no capital start-up, maintenance, or recordkeeping costs associated with this information collection. However, this collection does have annual (non-hour) costs in the form of filing fees and postage costs.

There are no application or renewal fees for online access cards or security identification badges. However, there is a \$15 fee for issuing a replacement

online access card or a replacement security identification badge. The USPTO estimates that it will reissue approximately 140 online access cards and 300 security badges annually that have been lost or need to be replaced, for a total of \$6,600 per year in replacement fees.

There are registration fees for the user training courses offered at the Public Search Facilities. The regular cost for a public course is \$25 per class, and

individual instruction may also be arranged for \$120 per class. The USPTO estimates that it will receive 62 registrations for public courses and 2 registrations for individual instruction per year, for a total of \$1,790 in training registration fees. Therefore, this collection has a total of \$8,390 in filing fees in the form of online access card replacement fees, security identification badge replacement fees, and training registration fees.

Total	13,138		8,390.00

Users may incur postage costs when submitting a user training application form to the USPTO by mail. The USPTO expects that approximately 20 of the estimated 64 training forms received per year will be submitted by mail. The USPTO estimates that the average first-class postage cost for a mailed training form will be 37 cents, for a total postage cost of approximately \$7 per year for this collection.

The total non-hour respondent cost burden for this collection in the form of filing fees and postage costs is estimated to be \$8,397 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c)

ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.
