

on *Solid Urea From the Union of Soviet Socialist Republics to the Commonwealth of Independent States and the Baltic States and Opportunity to Comment*, 57 FR 28828 (June 29, 1992).

In March 1999, the Department initiated sunset reviews on these orders and later published its notice of continuation of the antidumping duty orders. See *Continuation of Antidumping Duty Orders: Solid Urea From Armenia, Belarus, Estonia, Lithuania, Romania, Russia, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan*, 64 FR 62653 (November 17, 1999). Pursuant to section 751(c) of the Act and 19 CFR 351.218, the Department initiated the sunset reviews of these orders, excluding Armenia, by publishing the notice of the initiation in the **Federal Register**, 69 FR 58890 (October 1, 2004). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of the sunset reviews of the orders.

We received a waiver from domestic interested parties by the deadline dates. See 19 CFR 351.218(d)(1)(iii)(A) and Waiver of the Domestic Interested Parties (October 18, 2004). As a result, the Department determined that no domestic interested party intends to participate in the sunset reviews, and on October 21, 2004, we notified the International Trade Commission, in writing, that we intended to issue a final determination revoking these antidumping duty orders. See 19 CFR 351.218(d)(1)(iii)(B)(2).

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking an order. Because the domestic interested parties waived their right to participate in the sunset reviews, the Department finds that no domestic interested party is participating in these sunset reviews. Therefore, consistent with 19 CFR 351.222(i)(2)(i) and section 751(c)(6)(A)(iii) of the Act, we are revoking these antidumping duty orders effective November 17, 2004, the fifth anniversary of the date the Department published the continuation of the antidumping duty orders.

Effective Date of Revocation

Pursuant to sections 751(c)(3)(A) and 751(c)(6)(A)(iii) of the Act and 19 CFR

351.222(i)(2)(i), the Department will instruct the U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to these orders entered, or withdrawn from warehouse, on or after November 17, 2004. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

These five-year (sunset) reviews and notice are in accordance with sections 751(c) and 777(i)(1) of the Act.

Original Signed.

Dated: December 17, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Application for Duty-Free Entry of Scientific Instrument

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 04-023. Applicant: Oklahoma Medical Research Foundation, 825 NE. 13th, Oklahoma City, Oklahoma 73104.

Instrument: Electron Microscope, Model H-7600-1 TEM.

Manufacturer: Instruments, Hitachi Ltd., Japan.

Intended Use: The instrument is intended to be used to examine and record images of biological specimens

from various basic biomedical research laboratories to increase understanding of and to direct basic biomedical research to gain a better understanding of biological phenomena. It will be used to support NIH and NSF-funded research and to train graduate students and postdoctoral investigators.

Application accepted by Commissioner of Customs: November 30, 2004.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

Docket Number: 04-024.

Applicant: The University of Iowa, Central Microscopy Research Facilities, 85 Eckstein Medical Research Bldg., Iowa City, IA 52242-1101.

Instrument: Electron Microscope, Model Jeol JEM-1230.

Manufacturer: JEOL Ltd., Japan.
Intended Use: The instrument is intended to be used to obtain and record images from structural and chemical samples provided by investigators throughout the University. Nine full-time staff provide training, process specimens and conduct microscopy evaluation and analysis for or in assistance to 200 faculty research labs. Studies will be primarily biomedical, but will include geosciences and environmental engineering. It will also be used to train both undergraduate and graduate students in the application of various microscopy methodologies.
