BS Energy LP; Notice of Issuance of Order

December 23, 2004.

BS Energy LP (BSELP) filed an application for market-based rate authority, with an accompanying tariff. The proposed rate tariff provides for wholesale sales of energy and capacity at market-based rates. BSELP also requested waiver of various Commission regulations. On December 20, 2004, the Commission granted the request for

Notice is hereby given that the deadline for filing motions to intervene or protest, is January 21, 2005.

Absent a request to be heard in opposition by the deadline above, BSELP is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of BSELP, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of BSELP's issuances of securities or assumptions of liability.
