[Project No. 477]

#### Portland General Electric Company; Notice of Authorization for Continued Project Operation

December 22, 2004.

The license for Portland General Electric Company's Bull Run Project No. 477, located on the Sandy, Little Sandy, and Bull Run Rivers in Clackamas County, Oregon, was issued for a period ending November 16, 2004. Section 15(a)(1) of the Federal Power Act (FPA), 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA.

On November 12, 2002, pursuant to the FPA and the Commission's regulations thereunder, Portland General Electric Company filed an application to surrender the license for Project No. 477. On May 12, 2004, the Commission issued an order that granted the application to surrender, but provided that the licensee is to commence project removal after May 27, 2007, complete project removal by September 7, 2009, and that the surrender will not become effective until fulfillment of all surrender conditions as determined by the Commission and issuance by the Commission of a letter indicating that the surrender is effective. See 107 FERC ¶ 61,158.

Pursuant to section 15 of the FPA, notice is hereby given that an annual license for Project No. 477 is issued to Portland General Electric Company for a period effective November 17, 2004, through November 16, 2005, or until the Commission issues a letter indicating that the surrender granted by the order issued May 12, 2004, is effective, or other disposition under the FPA, whichever comes first. If effectiveness of the surrender (or other disposition) does not take place on or before November 17, 2005, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

[Docket No. CP05-37-000]

#### Transcontinental Gas Pipe Line Corporation; Notice of Application

December 22, 2004.

Take notice that on December 14, 2004, Transcontinental Gas Pipe Line Corporation (Transco), P.O. Box 1396, Houston, Texas 77251, filed an application in Docket No. CP05-37-000 pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157(A) of the Commission's Regulations, for a certificate of public convenience and necessity authorizing Transco's construction and operation of certain facilities at Compressor Station No. 170 (Station 170) in Appomattox County, Virginia to comply with the Clean Air Act Amendments of 1990, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERCOnline Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions regarding this application should be directed to Scott Turkington, Director, Rates & Regulatory, at (713) 215-3391 or Alfred

E. White, Jr., Senior Attorney, at (713) 215-2323, Transcontinental Gas Pipe Line Corporation, P.O. Box 1396, Houston, Texas 77251-1396.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right

to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

[Docket No. OR05-4-000]

#### **BP West Coast Products LLC and ExxonMobile Oil Corporation, Complainants v. SFPP, LP, Respondents; Notice of Complaint**

December 23, 2004.

Take notice that on December 22, 2004, BP West Coast Products LLC (BP) and ExxonMobil Oil Corporation (ExxonMobil) (collective, Complainants) tendered for filing their Fourth Original Complaint against SFPP, L.P. Complainants allege that SFPP's West Line Watson Vapaor Recovery Charge, Sepulveda Line, North Line, Oregon Line and East Line rates are unjust and unreasonable.

Complainants request that the Commission review and investigate SFPP's rates; set the proceeding for an evidentiary hearing to determine just and reasonable rates for SFPP; require SFPP to pay reparations starting two years before the date of complaint for all rates; consolidate this proceeding with the complaint proceeding in Docket No. OR4-3; and award such other relief as is necessary and appropriate under the Interstate Commerce Act.

Complainants state that copies of the complaint were served on SFPP, L.P.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date.

The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
