#### Other Sources

A list of other sources used to compile this list is available upon request from any of the **ADDRESSES** listed above.

#### Public Comments Invited

We invite interested parties to submit written comments or suggestions regarding the draft list of bird species to which the MBTA does not apply by any

one of the means identified in the **ADDRESSES** section. Duplicate submissions are discouraged. The complete file for this notice will be available for public inspection during normal business hours, by appointment, at the location identified in the **ADDRESSES** section.

E-mail comments should be submitted as an ASCII file with Nonnative Birds in the subject line. Avoid the use of special characters and any form of encryption.

While all comments will be considered, we encourage commentators to focus on the following questions:

(1) Do the four criteria used to identify bird species to which the MBTA does not apply accurately reflect the language and intention of the MBTA? If not, what changes would you recommend?

(2) Have we included any species that doesn't meet each of the four criteria? Please be specific, and provide as much detail as possible.

(3) Have we omitted any species that meets each of the four criteria?

(4) Have we accurately depicted the introduced status of each species?

Following review and consideration of the comments, we will publish a final list in the **Federal Register**.

Dated: December 23, 2004.
