SUPPLEMENTARY INFORMATION:

Title: Application for Certificate of Registration for Foreign Motor Carriers and Foreign Motor Private Carriers.

OMB Control Number: 2126-0019.
Background: Title 49 U.S.C. 13902(c) contains basic licensing procedures for registering foreign motor carriers to operate across the Mexico-U.S. border into the United States. Title 49 CFR part 368 contains related regulations. The FMCSA carries out this registration program under authority delegated by the Secretary of Transportation. Foreign (Mexico-based) motor carriers use Form OP-2 to apply for registration authority at the FMCSA. The form requests information on the motor carrier's name, address, U.S. DOT Number, form of business (e.g., corporation, sole proprietorship, partnership), locations where the applicant plans to operate, types of registration requested (e.g., for-hire motor carrier, motor private carrier), insurance, safety certifications, household goods arbitration

certifications, and compliance certifications.

Respondents: Foreign (Mexico-based) motor carriers.

Average Burden per Response: 4 hours.

Estimated Total Annual Burden: 8,000 hours (2,000 foreign (Mexico-based) motor carriers × 4 hours = 8,000 hours).

Public Comments Invited: Your comments are particularly invited on whether the collection of information is necessary for the FMCSA to meet its goal of reducing truck crashes, including whether the information is useful to this goal; the accuracy of the estimate of the burden of the information collection; ways to enhance the quality, utility and clarity of the information collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Electronic Access and Filing: You may submit or retrieve comments online through the Docket Management System (DMS) at <http://dmses.dot.gov/submit>.
