

an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensees of such project have filed an application for a subsequent license, the licensees may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on their application. If the licensees of such a project have not filed an application for a subsequent license, then they may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2005 is issued to Oakdale and South San Joaquin Irrigation Districts for a period effective January 1, 2005, through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Oakdale and South San Joaquin Irrigation Districts are authorized to continue operation of the Beardsley/Donnells Project No. 2005 until such time as the Commission acts on their application for subsequent license.

[Project No. 2067]

Oakdale Irrigation District, South San Joaquin Irrigation District; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 23, 2002, Oakdale and South San Joaquin Irrigation Districts, licensees for the Tulloch Project No. 2067, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2067 is located on the Stanislaus River in Tuolumne and Calaveras Counties, California.

The license for Project No. 2067 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensees of such project have filed an application for a subsequent license, the licensees may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on their application. If the licensees of such a project have not filed an application for a subsequent license, then they may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2067 is issued to Oakdale and South San Joaquin Irrigation Districts for a period effective January 1, 2005 through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license

under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Oakdale and South San Joaquin Irrigation Districts are authorized to continue operation of the Tulloch Project No. 2067 until such time as the Commission acts on their application for subsequent license.

[Project No. 2118]

Pacific Gas and Electric Company; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 26, 2002, Pacific Gas and Electric Company, licensee for the Donnells-Curtis Transmission Line Project No. 2118, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2118 is located in Tuolumne County, California.

The license for Project No. 2118 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the

Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2118 is issued to Pacific Gas and Electric Company for a period effective January 1, 2005, through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Pacific Gas and Electric Company is authorized to continue operation of the Donnell-Curtis Transmission Line Project No. 2118 until such time as the Commission acts on its application for subsequent license.

[Project No. 2130]

Pacific Gas and Electric Company; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 26, 2002, Pacific Gas and Electric Company, licensee for the Spring Gap-Stanislaus Project No. 2130, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2130 is located on the South and Middle Forks of the Stanislaus River in Calaveras and Tuolumne Counties, California.

The license for Project No. 2130 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or

any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2130 is issued to Pacific Gas and Electric Company for a period effective January 1, 2005 through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Pacific Gas and Electric Company is authorized to continue operation of the Spring Gap-Stanislaus Project No. 2130 until such time as the Commission acts on its application for subsequent license.

[Project No. 2233]

Portland General Electric Company; Notice of Authorization for Continued Project Operation

January 6, 2005.

On December 27, 2002, Portland General Electric Company and Blue Heron Paper Company, licensees for the Willamette Falls Project No. 2233, filed

an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. On November 17, 2003, the Commission issued an order approving the transfer of the project license from Portland General Electric Company and Blue Heron Paper Company to Portland General Electric Company effective August 15, 2003. Project No. 2233 is located on the Willamette River in Oregon City and West Linn, Oregon.

The license for Project No. 2233 was issued for a period ending December 31, 2004. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2233 is issued to Portland General Electric Company for a period effective January 1, 2005, through December 31, 2005, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Portland General Electric Company is authorized to continue operation of the Willamette Falls Project No. 2233 until such time as the Commission acts
