DEPARTMENT OF EDUCATION**Arts in Education Model Development and Dissemination Program**

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Notice of proposed priority, requirements, and definitions.

SUMMARY: The Assistant Deputy Secretary for Innovation and Improvement proposes a priority, requirements, and definitions under the Arts in Education Model Development and Dissemination program. We may use this priority and these requirements and definitions for competitions in fiscal year (FY) 2005 and later years. We take this action to focus Federal financial assistance on an identified national need for the enhancement, expansion, documentation, evaluation, and dissemination of innovative, cohesive models that have demonstrated that they effectively: (1) Integrate standards-based arts education into the core elementary and middle school curricula; (2) strengthen standards-based arts instruction in these grades;

and (3) improve elementary and middle schools students' academic performance, including their skills in creating, performing, and responding to the arts. We intend the priority, requirements, and definitions to increase the amount of information on effective models for arts education that is available nationally and to integrate the arts with standards-based education programs.
