

(7) The adequacy of plans for complying with regulations for protection of human subjects and monitoring; and

(8) The ability of the applicant to complete the proposed study within its budget and within time limits stated in this RFA.

2. Review and Selection Process

Responsive applications will be reviewed and evaluated for scientific and technical merit by an ad hoc panel of experts in the subject field of the specific application. Consultation with the proper FDA review division may also occur during this phase of the review to determine whether the proposed study will provide acceptable data that could contribute to product approval. Responsive applications will be subject to a second review by a National Advisory Council for concurrence with the recommendations made by the first-level reviewers, and funding decisions will be made by the Commissioner of Food and Drugs or his designee.

A score will be assigned based on the scientific/technical review criteria. The review panel may advise the program staff about the appropriateness of the proposal to the goals of the OPD grant program.

3. Anticipated Announcement and Award

Notification regarding the results of the review is anticipated by May 31, 2006. The expected start date for the FY 2006 awards will be June 1, 2006.

VI. Award Administration Information

1. Award Notices

If receiving an award, applicants will be notified by the FDA Grants Management Office. Awards will either be issued on a Notice of Grant Award (PHS 5152) signed by the FDA Chief Grants Management Officer and be sent to successful applicants by mail or will be transmitted electronically.

2. Administrative Requirements

Applicants must adhere to the requirements of this Notice. Special Terms and Conditions regarding FDA regulatory requirements and adequate progress of the study may be part of the award notice.

3. Reporting

A. Reporting Requirements

The original and two copies of the annual Financial Status Report (FSR) (SF-269) must be sent to FDA's grants management officer within 90 days of the budget period end date of the grant. For continuing grants, an annual program progress report is also required. For such grants, the noncompeting continuation application (PHS 2590) will be considered the annual program

progress report. Also, all new and continuing grants must comply with all regulatory requirements necessary to keep the status of their IND/IDE "active" and "in effect," that is, not on "clinical hold." Failure to meet regulatory requirements will be grounds for suspension or termination of the grant.

B. Monitoring Activities

The program project officer will monitor grantees periodically. The monitoring may be in the form of telephone conversations, e-mails, or written correspondence between the project officer/grants management officer and the principal investigator. Information including but not limited to study progress, enrollment, problems, adverse events, changes in protocol, study monitoring activities will be requested. Periodic site visits with officials of the grantee organization may also occur. The results of these monitoring activities will be recorded in the official grant file and will be available to the grantee upon request consistent with applicable disclosure statutes and with FDA disclosure regulations. Also, the grantee organization must comply with all special terms and conditions of the grant, including those which state that future funding of the study will depend on recommendations from the OPD project officer. The scope of the recommendations will confirm that: (1) There has been acceptable progress toward enrollment, based on specific circumstances of the study; (2) there is an adequate supply of the product/device; and (3) there is continued compliance with all FDA regulatory requirements for the trial. The grantee must file a final program progress report, FSR and invention statement within 90 days after the end date of the project period as noted on the notice of grant award.

VII. Agency Contacts

For issues regarding the administrative and financial management aspects of this notice: Cynthia Polit (see Addresses to Request Application in section IV of this document).

For issues regarding the programmatic aspects of this notice: Debra Y. Lewis, Director, Orphan Products Grants Program, Office of Orphan Products Development (HF-35), Food and Drug Administration, 5600 Fishers Lane, rm. 6A-55, Rockville, MD 20857, 301-827-3666, e-mail: debra.lewis@fda.gov or dlewis@oc.fda.gov.

VIII. Other Information

Clinical Trials Data Bank

The Food and Drug Modernization Act of 1997 requires that certain information be entered into the Clinical Trials Data Bank (CTDB) for federally and privately funded clinical trials conducted under an IND application if a drug is being used to treat a serious or life-threatening disease or condition and if the trial is to test effectiveness (42 U.S.C. 282(j)(3)(A)). Information on noneffectiveness trials for drugs to treat conditions not considered serious or life-threatening may also be entered into this database but such information is not required.

This databank provides patients, family members, healthcare providers, researchers, and members of the public easy access to information on clinical trials for a wide range of diseases and conditions. The U.S. National Library of Medicine has developed this site in collaboration with NIH and FDA. The databank is available to the public through the Internet at <http://clinicaltrials.gov>. (FDA has verified the Web site address, but we are not responsible for subsequent changes to the Web site after this document publishes in the **Federal Register**).

The CTDB contains the following information: (1) Information about clinical trials, both federally and privately funded, of experimental treatments for patients with serious or life-threatening diseases; (2) a description of the purpose of each experimental drug; (3) the patient eligibility criteria; (4) the location of clinical trial sites; and (5) the point of contact for those wanting to enroll in the trial.

The OPD program staff will provide more information to grantees about entering the required information in the CTDB after awards are made.

Dated: January 6, 2005.

Jeffrey Shuren,

Assistant Commissioner for Policy.

BILLING CODE 4160-01-S

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4980-N-02]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by

HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Kathy Ezzell, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION:

In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Heather Ranson, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions

for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: AGRICULTURE: Ms. Marsha Pruitt, Realty Officer, Department of Agriculture, Reporters Building, 300 7th St., SW., Rm 310B, Washington, DC 20250; (202) 720-4335; COE: Ms. Shirley Middleswarth, Army Corps of Engineers, Civil Division, Directorate of Real Estate, 441 G Street, NW., Washington, DC 20314-1000; (202) 761-7425; COAST GUARD: Commandant (G-SEC), United States Coast Guard, Attn: Teresa Sheinberg, 2100 Second St., SW., Rm 6109, Washington, DC 20593-0001; (202) 267-6142; ENERGY: Mr. Andy Duran, Department of Energy, Office of Engineering & Construction Management, ME-90, 1000 Independence Ave., SW., Washington, DC 20585; (202) 586-4548; GSA: Mr. Brian K. Polly, Assistant Commissioner,

General Services Administration, Office of Property Disposal, 18th and F Streets, NW., Washington, DC 20405; (202) 501-0084; INTERIOR: Ms. Linda Tribby, Acquisition & Property Management, Department of the Interior, 1849 C Street, NW., MS5512, Washington, DC 20240; (202) 219-0728; NAVY: Mr. Charles C. Cocks, Department of the Navy, Real Estate Policy Division, Naval Facilities Engineering Command, Washington Navy Yard, 1322 Patterson Ave., SE., Suite 1000, Washington, DC 20374-5065; (202) 685-9200; VA: Ms. Amelia E. McLellan, Director, Real Property Service, Department of Veterans Affairs, 810 Vermont Avenue, NW., Rm 419, Washington, DC 20420; (202) 565-5398; (These are not toll-free numbers).

Dated: January 6, 2005.

Mark R. Johnston,

Director, Office of Special Needs Assistance Programs.

DEPARTMENT OF THE INTERIOR

Central Utah Project Completion Act

AGENCIES: Department of the Interior, Office of the Assistant Secretary—Water and Science (Interior); Utah Reclamation Mitigation and Conservation Commission (Mitigation

Commission); and Central Utah Water Conservancy District (CUWCD).

ACTION: Notice of Availability of the Record of Decision on the Utah Lake Drainage Basin Water Delivery System Final Environmental Impact Statement documenting the Department of the Interior's approval to proceed with the construction of the Proposed Action Alternative.

SUMMARY: On December 22, 2004, R. Thomas Weimer, Acting Assistant Secretary—Water and Science, Department of the Interior, signed the Record of Decision (ROD) which documents the selection of the Proposed Action Alternative as presented in the Utah Lake Drainage Basin Water Delivery System (Utah Lake System) Final Environmental Impact Statement (ULS FEIS), INT FES 04–41, filed September 30, 2004. The ROD also approves the initiation of construction of the Utah Lake System, in accordance with statutory and contractual obligations. The following features will be constructed as part of the Proposed Action: (1) Sixth Water Hydropower Plant, Substation, and Transmission Facilities, (2) Upper Diamond Fork Hydropower Plant and Underground Transmission Facilities, (3) Spanish Fork Canyon Pipeline, (4) Spanish Fork—Santaquin Pipeline, (5) Santaquin—Mona Reservoir Pipeline, (6) Mapleton—Springville Lateral Pipeline, and (7) Spanish Fork—Provo Reservoir Canal Pipeline. The ROD acknowledged that value engineering studies would be conducted that could result in minor modifications to the physical facilities to further reduce environmental impacts and reduce construction costs.

The Proposed Action specifically fulfills project needs to: (1) Complete the Bonneville Unit by delivering 101,900 acre-feet on an average annual basis from Strawberry Reservoir to the Wasatch Front Area and project water from other sources to meet some of the municipal and industrial (M&I) demand in the Wasatch Front Area; (2) implement water conservation measures; (3) address all remaining environmental commitments associated with the Bonneville Unit; and (4) maximize current and future M&I water supplies associated with the Bonneville Unit.

Interior, the Mitigation Commission, and CUWCD serve as the Joint Lead Agencies for the ULS. During preparation of the ULS FEIS, the Joint Lead Agencies formally consulted with the U.S. Fish and Wildlife Service under Section 7 of the Endangered Species Act (16 U.S.C.A. sections 1531 to 1544, as

amended). The Joint-Lead Agencies will also obtain an exemption from Section 404 requirements provided by Section 404(r) of the Clean Water Act by including a Section 404(b)(1) analysis within the ULS FEIS.

In addition to this notification, notices will be published in local newspapers.

FOR FURTHER INFORMATION CONTACT:

Additional information on matters related to this notice can be obtained from Mr. Reed Murray at (801) 379–1237, or rmurray@uc.usbr.gov.

Dated: January 7, 2005.

Ronald Johnston,

Program Director, Department of the Interior.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of the Final Environmental Impact Statement for Caspian Tern Management To Reduce Predation of Juvenile Salmonids in the Columbia River Estuary

AGENCY: U.S. Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the Final Environmental Impact Statement (Final EIS) for Caspian Tern (*Sterna caspia*) Management to Reduce Predation of Juvenile Salmonids in the Columbia River Estuary is available for review and comment. This Final EIS was prepared pursuant to the National Environmental Policy Act of 1969, as amended (NEPA) with the U.S. Army Corps of Engineers (Corps) and National Marine Fisheries Service (NOAA Fisheries) as cooperating agencies. This Final EIS describes the three Federal Agencies' proposal for the redistribution of the Caspian tern colony from East Sand Island, Columbia River estuary to various sites located throughout the Pacific Coast/Western region. The purposes of the proposed action are to reduce tern predation on juvenile Columbia River salmonids and eliminate the vulnerability of the regional tern population associated with having the majority of the population (70 percent) breeding in one location.

DATES: A Record of Decision may be signed no sooner than 30 days after publication of this notice (40 CFR 1506.10 (b) (2)).
