AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

SUPPLEMENTARY INFORMATION: This action has been reviewed and determined not to be a rule or regulation as defined in Executive Order 12866 and Departmental Regulation 1512-1; therefore, the Executive Order and Departmental Regulation do not apply to this action.

Section 7(f)(1) of the Act authorizes GIPSA' Administrator to designate a qualified applicant to provide official services in a specified area after determining that the applicant is better able than any other applicant to provide such official services. GIPSA designated California, headquarters in Sacramento, California, to provide official inspection services under the Act on January 1, 2003.

Section 7(g)(1) of the Act provides that designations of official agencies

will end not later than triennially and may be renewed according to the criteria and procedures prescribed in section 7(f) of the Act. The designation of California ends on December 31, 2005, according to the Act. However, California asked GIPSA for a voluntary cancellation of their designation effective April 30, 2005. Accordingly, California's designation will cease effective April 30, 2005, and GIPSA is asking for applicants to provide official service.

Pursuant to section 7(f)(2) of the Act, the following geographic area, the entire State of California, except those export port locations within the State, is assigned to this official agency. For export service after April 30, 2005, contact Michael Johnson, Federal State Manager, telephone number 916-376-1930. Interested persons are hereby given the opportunity to apply for designation to provide official services in the geographic areas specified above under provisions of section 7(f) of the Act and section 800.196(d) of the regulations issued thereunder. Persons wishing to apply for designation should contact the Compliance Division at the address listed above for forms and information, or obtain applications at the GIPSA Web site, <http://www.usda.gov/gipsa/oversight/parovreg.htm>.
