

comprise about 90 percent of the finished products' material value. The two facilities can process some 17 million pounds of metal annually. On foreign magnesium alloy that falls within the scope of the Department's antidumping duty orders, the application indicates that all such foreign-origin magnesium alloy would be admitted to the proposed subzone under domestic status (19 CFR 146.43(a)(2)); thereby precluding inverted tariff benefits or reduced duty payment on scrap or waste.

FTZ procedures would exempt NI from Customs duty payments on the foreign magnesium alloy not subject to antidumping orders and aluminum alloy used in export production (37% of shipments). NI would be exempt from customs duty payments on foreign magnesium alloy scrap, waste and dross generated during manufacturing of finished products for export (which could be significant). On its domestic sales, the company has elected to forego any inverted tariff benefits on foreign magnesium alloy not subject to antidumping duty orders (these products will be admitted in privileged foreign status (19 CFR 146.41)). The application indicates that subzone status would help improve the facilities' international competitiveness. In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building—4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is March 21, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 4, 2005).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No. 1 listed above and at the Office of the Port Director, U.S. Customs and Border Protection, International Bridge Plaza, Sault Sainte Marie, MI 49783.

Dated: January 7, 2004.

Dennis Puccinelli,

Executive Secretary.

Notice of Rescission of Antidumping Duty Administrative Review: Sebacic Acid From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from SST Materials, Inc. d/b/a Genesis Chemicals, Inc. (Genesis), a domestic producer of subject merchandise, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on sebacic acid from the People's Republic of China (PRC) for entries of subject merchandise by Tianjin Chemical Import and Export Corporation (Tianjin) and Guangdong Chemical Import and Export Corporation (Guangdong), covering the period July 1, 2003, through June 30, 2004. We are now rescinding this review as a result of the petitioner's withdrawal of its request for an administrative review.

EFFECTIVE DATE: January 19, 2005.

FOR FURTHER INFORMATION CONTACT: Jennifer Moats or Brian Ledgerwood, China/NME Group, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5047 or (202) 482-3836, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2004, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on sebacic acid from the PRC. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 69 FR 39903 (July 1, 2004). On August 30, 2004, pursuant to a request made by Genesis, the Department initiated an administrative review of the antidumping duty order on sebacic acid from the PRC with respect to Tianjin and Guangdong. See *Initiation of*

Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, 69 FR 52857 (August 30, 2004). On November 29, 2004, Genesis withdrew its request for an administrative review of sebacic acid from the PRC.

Scope of the Review

The products covered by this order are all grades of sebacic acid, a dicarboxylic acid with the formula $(CH_2)_8(COOH)_2$, which include but are not limited to CP Grade (500 ppm maximum ash, 25 maximum APHA color), Purified Grade (1000 ppm maximum ash, 50 maximum APHA color), and Nylon Grade (500 ppm maximum ash, 70 maximum ICV color). The principal difference between the grades is the quantity of ash and color. Sebacic acid contains a minimum of 85 percent dibasic acids of which the predominant species is the C10 dibasic acid. Sebacic acid is sold generally as a free-flowing powder/flake.

Sebacic acid has numerous industrial uses, including the production of nylon 6/10 (a polymer used for paintbrush and toothbrush bristles and paper machine felts), plasticizers, esters, automotive coolants, polyamides, polyester castings and films, inks and adhesives, lubricants, and polyurethane castings and coatings.

Sebacic acid is currently classifiable under subheading 2917.13.00.30 of the *Harmonized Tariff Schedule of the United States (HTSUS)*. Although the *HTSUS* subheading is provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Rescission of Review

The Department's regulations at 19 CFR 351.213(d)(1) provide that the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the date of publication of the notice of initiation of the requested review. The Department's regulations further provide that the Secretary may extend this time limit if the Secretary determines that it is reasonable to do so. In this case, the 90-day deadline fell on a non-business day and, therefore, the deadline was the next business day, November 29, 2004. Genesis made a timely withdrawal of its request for an administrative review and the Department has granted the request to rescind the review because Genesis was the only party to request the review. The Department will issue appropriate assessment instructions to U.S. Customs

and Border Protection within 15 days of publication of this notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 251.213(d)(4).

Dated: January 11, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

Stainless Steel Plate in Coil From Belgium: Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: On December 14, 2004, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on stainless steel plate in coils from Belgium for the period May 1, 2002, through April 30, 2003. See *Stainless Steel Plate in Coils from Belgium: Final Results of Antidumping Duty Administrative Review*, 69 FR 74495 (December 14, 2004) (*Final Results*). We are amending our *Final Results* to correct ministerial

errors alleged by Ugine and ALZ Belgium (Respondent) pursuant to section 751(h) of the Tariff Act of 1930, as amended (the Act).

EFFECTIVE DATE: January 19, 2005.

FOR FURTHER INFORMATION CONTACT: Toni Page or Elfi Blum, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1398 or (202) 482-0197, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Antidumping Duty Order

Effective March 11, 2003, in accordance with *Allegheny Ludlum Corp. v. United States*, 287 F.3d 1365 (Fed. Cir. 2002) remanded to CIT No. 99-06-00361, slip op. 2002-147 (CIT Dec. 12, 2002), and *Notice of Amended Antidumping Duty Orders: Certain Stainless Steel Plate in Coils from Belgium, Canada, Italy, the Republic of Korea, South Africa, and Taiwan*, 68 FR 11520 (March 11, 2003), the scope of this order was amended. Therefore, for purposes of this review, there were separate scopes in effect during the period of review (POR).

Scope of Order From May 1, 2002 Through March 10, 2003

The product covered by this order is certain stainless steel plate in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (*e.g.*, cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of this order are the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat bars. In addition, certain cold-rolled stainless steel plate in coils is also excluded from the scope of this order. The excluded cold-rolled stainless steel plate in coils is defined as that merchandise which meets the physical characteristics described above that has undergone a cold-reduction process that reduced the thickness of the steel by 25 percent or more, and has been annealed and pickled after this cold reduction process.

The merchandise subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTS) at subheadings: 7219110030, 7219110060, 7219120005, 7219120020, 7219120025, 7219120050, 7219120055, 7219120065, 7219120070, 7219120080, 7219900010, 7219900020, 7219900025, 7219900060, 7219900080, 7220110000, 7220201010, 7220201015, 7220201060, 7220201080, 7220206005, 7220206010, 7220206015, 7220206060, 7220206080, 7220900010, 7220900015, 7220900060, and 7220900080. Although the HTS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Scope of Order on or After March 11, 2003

The product covered by this order is certain stainless steel plate in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (*e.g.*, cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of this order are the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat bars.

The merchandise subject to this order is currently classifiable in the HTS at subheadings: 7219.11.00.30, 7219.11.00.60, 7219.12.00.06, 7219.12.00.21, 7219.12.00.26, 7219.12.00.51, 7219.12.00.56, 7219.12.00.66, 7219.12.00.71, 7219.12.00.81, 7219.31.00.10, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.11.00.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80. Although the HTS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to these orders is dispositive.

Amendment of Final Results

On December 14, 2004, the Department published the *Final Results*
