Food and Nutrition Service

Title: Food Stamp Nutrition Education Systems Review.

OMB Control Number: 0584-NEW.

Summary of Collections: The Food Stamp Act of 1977 (Pub. L. 88-525, as amended; 7 U.S.C. 2011) authorized the Food Stamp Act. Under implementing Food Stamp Program (FSP) Regulations (7 CFR 272.2) state FSP agencies have the option to include nutrition education for program participants as part of their administrative operations. The states must submit an annual nutrition education plan to the Food and Nutrition Service (FNS) for approval; FNS then reimburses states 50 percent of the allowable expenses for nutrition education.

Need and Use of the Information: The Food and Nutrition Service will conduct a descriptive study to develop a more in-depth understanding of the Food Stamp Nutrition Education (FSNE) infrastructure, policy choices, operations, and decision-making. The last descriptive study of FSNE operations was conducted in fiscal year 1997. Since that time, several factors have converged making it critical for FNS to obtain more current information. First the scale of FSNE has grown rapidly. Second there is growing Agency and public interest in improving the diets and reducing the prevalence of overweight and obesity. Finally, FNS has limited information on the states

use of new approaches to nutrition education.

Description of Respondents: State, Local, or Tribal Government; business or other for-profit; not-for-profit institutions.

Number of Respondents: 1,110.

Frequency of Responses: Reporting; other (one time).

Total Burden Hours: 1,730.
