

by persons to generate, maintain, retain or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are companies that manufacture or import chemical substances, mixtures or categories listed on the TSCA Inventory and regulated under TSCA section 8, who reported to the initial effort to establish the TSCA Inventory in 1979, and who need to make a correction to that submission.

Frequency of Collection: On occasion.

Estimated Total/Average Number of Responses for Each Respondent: 1.

Estimated No. of Respondents: 10.

Estimated Total Annual Burden on Respondents: 20 hours.

Estimated Total Annual Costs: \$1,467.

Changes in Burden Estimates: This request reflects a decrease of 180 hours (from 200 hours to 20 hours) in the total estimated respondent burden from that currently in the OMB inventory. This decrease is due to a downward re-estimation of the anticipated number of annual responses to this information collection, offset in part by an upward estimation of the burden per response. This change is an adjustment.

Dated: January 11, 2005.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[ER-FRL-6659-7]

Public Comment Requested on the Draft Environmental Impact Statement for Proposed Site Designation of the "LA-3" Ocean Dredged Material Disposal Site off Newport Bay, Orange County, CA

AGENCY: U.S. Environmental Protection Agency (EPA) and U.S. Army Corps of Engineers (USACE).

ACTION: Notice of Availability and request for public comment on a draft Environmental Impact Statement (EIS) to designate "LA-3" as a permanent ocean dredged material disposal site (ODMDS) offshore of Newport Bay, California.

The EIS also re-evaluates an annual disposal volume limit for the existing LA-2 ODMDS offshore of the Los Angeles and Long Beach Harbors, and how to minimize cumulative environmental impacts from the two ODMDS in the region. EPA has the authority to designate ODMDS under Section 102 of the Marine Protection, Research and Sanctuaries Act (MPRSA) of 1972 (33 U.S.C. 1401 *et seq.*). It is EPA's policy to prepare NEPA documents for all ODMDS designations (63 FR 58045, October 1998). The USACE, as a cooperating agency for this action, received Congressional appropriations to fund this site designation, and managed contracts for field studies and preparation of the draft EIS. Public comments on this draft EIS evaluation will be accepted for 45 days from the date of this notice.

FOR FURTHER INFORMATION AND/OR TO SUBMIT COMMENTS, CONTACT: Mr. Allan Ota, U.S. Environmental Protection Agency, Region 9, Dredging and Sediment Management Team (WTR-8), 75 Hawthorne Street, San Francisco, California 94105-3901, Telephone: (415) 972-3476 or FAX: (415) 947-3537 or E-mail: R9-LA3-DEIS@epa.gov.
