ACTION: Notice of determination.

SUMMARY: The U.S. Census Bureau (Census Bureau) is conducting the 2004 Company Organization Survey. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location, current operational status, and kind of business for the establishments of multilocation companies. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential governmental functions and have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

ADDRESSES: The Census Bureau will furnish report forms to organizations included in the survey, and additional copies are available on written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

FOR FURTHER INFORMATION CONTACT: Paul Hanczaryk, Economic Planning and Coordination Division, U.S. Census Bureau, Room 2747, Federal Building 3, Washington, DC 20233-6100; telephone (301) 763-4058.

covered by the censuses. This survey will provide continuing and timely national statistical data for the period between economic censuses. The next economic censuses will be conducted for the year 2007. The data collected in this survey will be within the general scope, type, and character of those that are covered in the economic censuses. Forms NC-99001 and NC-99007 (for single-location companies) will be used to collect the desired data.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a current, valid Office of Management and Budget (OMB) control number. SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Department of Commerce invites the general public and other Federal agencies to comment on the proposed extension of the use of the advocacy questionnaire by the Trade Promotion Coordination Committee's (TPCC) Advocacy Network. The questionnaire is used to evaluate requests for United States Government (USG) advocacy in connection with overseas commercial bids, offers, and proposals. The International Trade Administration's Advocacy Center marshals federal resources to assist U.S. commercial interests competing for foreign government commercial projects, procurements, investments, business ventures worldwide. The mission of the Advocacy Center is to coordinate USG commercial advocacy in order to promote U.S. exports, trade which both creates and sustains U.S. employment. The Advocacy Center works with and coordinates activities within TPCC which is chaired by the Secretary of Commerce and includes 19 federal agencies involved in export promotion. The purpose of the advocacy questionnaire is to collect the information necessary to evaluate a commercial I interest's (e.g., a company's) eligibility for USG advocacy assistance. There are clear, well-established USG advocacy guidelines that describe the various situations in which the USG can provide advocacy support for a specific commercial interest. The questionnaire was developed to collect only the information necessary to determine if a commercial interest meets the eligibility requirements set forth in the advocacy guidelines. The Advocacy Center, appropriate ITA officials, U.S. Embassy/Consulate officials worldwide, and other federal government agencies (the Advocacy Network) that provide advocacy support, will require firms seeking USG advocacy support to complete the questionnaire. Without the information, the USG would be unable

to determine the eligibility of commercial interests seeking USG advocacy support.

II. Method of Collection

When U.S. commercial interests request USG advocacy assistance, they are either sent Form ITA-4133P or referred to the Advocacy Center's Web site from which Form ITA-4133P may be down-loaded completed, signed, and filed.

Amended Final Results of the First Antidumping Duty Administrative Review: Folding Metal Tables and Chairs From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 21, 2005.

FOR FURTHER INFORMATION CONTACT: Amber Musser, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1777.

Amendment to Final Results

In accordance with section 751(a) of the Tariff Act of 1930, as amended (the "Act"), on December 20, 2004, the Department published the final results

of the first administrative review of the antidumping duty order on folding metal tables and chairs from the People's Republic of China ("PRC"), in which we determined that the cooperative respondent, Dongguan Shichang Metals Factory Co., Ltd. and Maxchief Investments, Ltd. ("Shichang"), sold subject merchandise to the United States at less than normal value during the period of review ("POR") (69 FR 75913). On December 20, 2004, we received an allegation, timely filed pursuant to section 751(h) of the Act and 19 CFR 351.224(C)(2), from Shichang that the Department made a ministerial error in its final results. The petitioner¹ did not comment on the alleged ministerial error.

After analyzing Shichang's submission, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224, that we made a ministerial error in our final margin calculation for Shichang. Specifically, we incorrectly calculated the selling, general, and administrative ("SG&A") and profit financial ratios because we did not include the line item "Purchase of Traded Goods" in the denominator of these ratios. For a detailed discussion of the ministerial error, as well as the Department's analysis, see the memorandum to James C. Doyle, Office Director, from Amber Musser, analyst, dated January XX, 2005.

Therefore, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the final results of the first antidumping duty administrative review of the order on folding metal tables and chairs from the PRC. The revised dumping margin is as follows:

Exporter/manufacturer	Original final margin percentage	Revised final margin percentage
Dongguan Shichang Metals Factory Co., Ltd. and Maxchief Investments, Ltd.	4.27	3.30

We will notify U.S. Customs and Border Protection ("CBP") of the revised cash deposit rate for Shichang.

Scope of the Order

The products covered by this order consist of assembled and unassembled folding tables and folding chairs made primarily or exclusively from steel or other metal, as described below:

(1) Assembled and unassembled folding tables made primarily or exclusively from steel or other metal ("folding metal tables"). Folding metal tables include square, round,

rectangular, and any other shapes with legs affixed with rivets, welds, or any other type of fastener, and which are made most commonly, but not exclusively, with a hardboard top covered with vinyl or fabric. Folding metal tables have legs that mechanically fold independently of one another, and not as a set. The subject merchandise is commonly, but not exclusively, packed singly, in multiple packs of the same item, or in five piece sets consisting of four chairs and one table. Specifically

excluded from the scope of folding metal tables are the following:

- a. Lawn furniture;
- b. Trays commonly referred to as "TV trays";
- c. Side tables;
- d. Child-sized tables;
- e. Portable counter sets consisting of rectangular tables 36" high and matching stools; and
- f. Banquet tables. A banquet table is a rectangular table with a plastic or laminated wood table top approximately 28" to 36" wide by 48" to 96" long and with a set of folding legs at each end of
