BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 04-32]

Al-Alousi, Inc., Denial of Registration

On March 16, 2004, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Al-Alousi, Inc. (AAI) proposing to deny its March 31, 2003, application for DEA Certificate of Registration as a distributor of list I chemicals. The Order to Show Cause alleged that granting AAI's application would be inconsistent with the public interest, as that term is used in 21 U.S.C. 823(h).

According to the DEA investigative file, the Order to Show Cause was sent by certified mail to AAI at its proposed registered location at 8760 Greenwell Springs Road, Baton Rouge, Louisiana. On April 14, 2004, AAI's owner, Mr. Humam Al-Alousi, requested a hearing and on April 26, 2004, Administrative Law Judge Mary Ellen Bittner ordered the parties to file prehearing statements by June 7, 2004. This date was later extended until August 24, 2004. As a result of AAI's failure to file a prehearing statement, Judge Bittner considered its hearing right to have been waived and issued an Order Terminating Proceedings on September 3, 2004. The investigative case file was then forwarded to the Deputy Administrator for a final order pursuant to 21 CFR 1301.46.

The Deputy Administrator finds that AAI has waived its hearing right and after considering relevant material from the investigative file, now enters her final order without a hearing pursuant to 21 CFR 1309.53(c) and (d) and 1316.67. The Deputy Administrator finds as follows.

List I chemicals are those that may be used in the manufacture of a controlled substance in violation of the Controlled

Substances Act. 21 U.S.C. 802(34); 21 CFR 1310.02(a). Pseudoephedrine and ephedrine are list I chemicals commonly used to illegally manufacture methamphetamine, a Schedule II controlled substance. As noted in previous DEA final orders, methamphetamine is an extremely potent central nervous system stimulant, and its abuse is a persistent and growing problem in the United States. *See, e.g.*, Direct Wholesale, 69 FR 11,654 (2004); Branex, Inc., 69 FR 8,682 (2004); Yemen Wholesale Tobacco and Candy Supply, Inc., 67 FR 9,997 (2002); Denver Wholesale, 67 FR 99,986 (2002).

The Deputy Administrator's review of the investigative file reveals that AAI's president is Mr. Al-Alousi and his wife, Lois Al-Alousi, is vice-president. On or about March 31, 2003, an application was submitted by Mrs. Al-Alousi on behalf of AAI, seeking registration to distribute ephedrine and pseudoephedrine list I chemical products. Subsequently, AAI advised DEA that its application would only be for a registration to distribute pseudoephedrine products.

In connection with the pending application, an on-site pre-registration investigation was conducted at the proposed registered location in May 2003. Mr. Al-Alousi represented to investigators that he had purchased AAI in December 2002 and the company had previously done business at that location under a different name and owner.

The investigators' review showed that a prior DEA investigation of the former company and its owner had been conducted which adduced substantial information that the company had distributed list I chemicals without a DEA registration and knowingly distributed large quantities of list I chemicals to methamphetamine laboratories during the mid-to-late 1990's. The former owner, a citizen of Lebanon, had been arrested by U.S. Immigration and Naturalization Service officers for willfully and falsely representing himself as a citizen of the United States.

At the time of the DEA investigators' on-site pre-registration inspection of AAI's premises, the business sign still bore the former company's name and that name was also on a facsimile cover sheet and document which was sent by Mrs. Al-Alousi to DEA investigators during the pre-registration inquiry.

Mr. Al-Alousi advised investigators that AAI was now a wholesale distributor of cigarettes, washing powder, oil, candy and novelty items to approximately 150 convenience stores
